Overview

We are a growing media company building online video-on-demand (“VOD”) networks that provide positive and entertaining video content for all screens. We own Popcornflix®, a popular online advertiser-supported VOD (“AVOD”) network, Pivotshare, a subscription-based VOD (“SVOD”) network, Truli.com, a faith-based AVOD network, and four additional AVOD networks. These VOD networks collectively have rights to exhibit tens of thousands of hours of movies and television episodes to our millions of monthly unique visitors. Another subsidiary, Screen Media, is a leading global independent television and film distribution company, which owns one of the largest independently owned television and film libraries. We also curate, produce and distribute long- and short-form video content that brings out the best of the human spirit, and distribute the online content of our U.S. based subsidiary, A Plus. We are aggressively growing our business through a combination of organic growth, licensing and distribution arrangements, acquisitions and strategic relationships. We are also expanding our partnerships with sponsors, television networks and independent producers.

All of our online networks are available for all screens, including mobile devices. We expect the increasingly widespread penetration of 5G mobile networks, with virtually no latency and 10 times the download capacity of 4G, to be an accelerator of mobile video consumption.

We have an exclusive, perpetual and worldwide license agreement (“CSS License Agreement”) with our intermediate parent, CSS, a publishing and consumer products company, to create and distribute video content under the Chicken Soup for the Soul® brand (the “Brand”).

We operate in three areas:

- **Online Networks.** In this business area, we distribute and exhibit VOD content directly to consumers across all digital platforms, such as smartphones, tablets, gaming consoles and the web through our owned and operated AVOD networks including Popcornflix® and Truli. We also distribute our own and third-party owned content to end users across various digital platforms through Pivotshare, our owned and operated SVOD network. Popcornflix® delivers tens of millions of advertisements every month and Pivotshare has approximately 25,000 active subscriptions. Our VOD content library includes over 37,000 hours of programming. Our AVOD networks have over 3 million monthly unique visitors. We generate advertising revenues primarily by serving video advertisements to our streaming viewers. In March 2019, we entered into an agreement to form a joint venture with Crackle, Inc. (“Crackle”) which is currently a business of Sony Pictures Television (“SPT”) to build a VOD business. Crackle has agreed to contribute certain assets comprising its Crackle AVOD network to the joint venture and we agreed to contribute our VOD networks and assets to the joint venture. Subject to satisfaction of closing conditions, we expect to close the acquisition and launch the joint venture on or around May 15, 2019. The joint venture will be branded “Crackle Plus”.
- **Television and Film Distribution.** In this business area, we distribute movies and television series worldwide to consumers through license agreements across all media, including theatrical, home video, pay-per-view, free, cable, pay television, VOD, mobile and new digital media platforms worldwide. We own the copyright or long-term distribution rights to approximately 1,500 television series and feature films.
- **Television and Short-Form Video Production.** In this business area, we work with sponsors and use highly regarded independent producers to develop and produce our television and short-form video content, including Brand-related content. We also derive revenue from our subsidiary A Plus, which develops and distributes high-quality, empathetic short-form videos to millions of people worldwide. A Plus enhances our ability to distribute short-form versions of our video productions and video library and provides us with content developed and distributed by A Plus that is complementary to the Brand.

Since our inception in January 2015, our business has grown rapidly. For the full year 2018, our net revenue was \$26.9 million, as compared to 2017 net revenue for the full year of \$10.7 million. This increase was primarily due to the impact of the acquisition of Screen Media in November 2017 and subsequent full-year operation thereof in 2018, the acquisition of Pivotshare in August of 2018, and increased production revenue. We had net losses of \$2.0 million in 2018, as compared to net income of \$21.1 million in 2017. Our 2018 Adjusted EBITDA (excluding the accounting impact of our acquisition of A Plus) was \$11.3 million, as compared to 2017 Adjusted EBITDA of \$4.0 million (excluding a gain on bargain purchase of \$24.3 million related to the 2017 Screen Media acquisition). Adjusted EBITDA is defined in the section titled “—Reconciliation of Historical GAAP Net Income as Reported to Adjusted EBITDA”.

Business Strategy

Our vision is to use our solid core of traditional media production and distribution assets to build a powerful portfolio of online VOD networks and assets. Our production and distribution businesses generate current revenue and Adjusted EBITDA to fund our rapidly growing online networks. We will build and acquire assets such as content libraries, digital publishers with content related to our own, and stand-alone VOD networks.

One of our fundamental objectives is to continue to grow our VOD networks to create a “network of networks” as we continue to increase our content offerings to critical mass. Our strategy is to build our library of video content through a combination of Chicken Soup for the Soul original video content and opportunistic acquisitions of third-party video content libraries, such as our acquisition of Screen Media, or other rights to video content as distressed networks seek to monetize their content libraries. Strategically, the proliferation of video content networks continues to create opportunities for us to aggregate existing networks under a single portal, and acquire content and networks from distressed owners.

Online Networks

Our acquisition of Screen Media accelerated our entry into the direct-to-consumer VOD market through Popcornflix® which has an extensive footprint with apps that have been downloaded more than 27 million times.

Popcornflix® is one of the largest AVOD services. Under the Popcornflix® brand, we operate a series of direct-to consumer advertising supported channels. On Popcornflix®, we have the rights to exhibit more than 3,000 films and approximately 60 television series comprised of approximately 1,500 episodes, with new content added regularly. As a “free-to-consumer” digital streaming channel, Popcornflix® is an extremely popular online video platform that can be found on the web, iPhones and iPads, Android products, Roku, Xbox, Amazon Fire, Apple TV, Chromecast and Samsung and Panasonic Internet-connected televisions, among others. Popcornflix® is currently available in 56 countries and territories, including the United States, United Kingdom, Canada, Australia, the Scandinavian countries, Germany, France, Hong Kong and Singapore, with additional countries and territories to be added.

While Popcornflix® is currently an advertiser-supported VOD network, we have also begun to expand in SVOD networks.

Our entry into subscription-based VOD was initiated by our acquisition of the Pivotshare VOD network in August 2018. Pivotshare is comprised of a series of subscription-based VOD channels with 28,000 hours of programming. Pivotshare generates approximately \$2.5 million in gross billings per annum and has approximately 25,000 paid subscriptions with average monthly billings of \$9 per subscription.

In October 2018, we completed the acquisition of the assets of Truli Media Corp., a nascent global family-friendly and faith-based online video channel (“Truli”). The Truli content library includes 2,500 hours of programming and brings us an additional 630,000 Facebook fans. Truli’s content fits strategically in our plans and includes film, television, music videos, sports, comedy, and educational material.

On March 27, 2019, we entered into an agreement (“Crackle Contribution Agreement”) with Crackle, Inc. (“Crackle”), which is currently a business of Sony Pictures Television (“SPT”), one of the television industry’s leading content providers, to contribute our respective VOD businesses to a newly-formed joint venture entity, Crackle Plus, LLC. The combined VOD businesses will be branded “Crackle Plus”. Pursuant to the Crackle Contribution Agreement, we agreed, subject to satisfaction of closing conditions, to contribute assets relating to our VOD business and to assign to Crackle Plus the rights to use the Brand in VOD and Crackle agreed to contribute to Crackle Plus certain assets relating to the Crackle VOD business.

We believe that Crackle Plus will be one of the largest providers of free AVOD service in the United States with an expected approximately 10 million monthly unique users on our owned and operated networks with an audience of millions more served through our advertising representation network. We anticipate that Crackle Plus will have 26 million registered users. Crackle Plus will be highly competitive in the growing AVOD space as it is expected to launch with over 100 VOD networks and more than 90 content partnerships, assuming full contribution by the parties upon the terms of, and after closing of, the Crackle Contribution Agreement. Upon launch, we believe Crackle Plus will stream over 1.3 billion minutes per month. The addition of Crackle Plus to our company is expected to more than double our overall annual revenue and will add meaningful EBITDA. The transaction is expected to close on or around May 15, 2019. For more information concerning this transaction, see our Annual Report on Form 10-K for the year ended December 31, 2018 and our Current Report on Form 8-K filed with the Securities and Exchange Commission on April 2, 2019.

Television and Film Distribution

We distribute television series and films worldwide through Screen Media. We own the copyright or long-term distribution rights to approximately 1,700 hours of television series and feature films, representing one of the largest independently owned libraries of filmed entertainment in the world. We distribute our television series and films through direct relationships across all media, including theatrical, home video, pay-per-view, free, cable and pay television, VOD and emerging digital media platforms worldwide.

Screen Media's distribution capabilities across all media gives us the ability to distribute our produced television series directly and may eliminate the distribution fees (as much as 30% of revenue) that we currently pay to third parties for distribution of the rights we retain when we produce series with our sponsors. We believe that the cost savings from Screen Media's distribution capabilities may enhance our revenue and profits from our produced television series.

We have distribution licensing agreements with numerous digital services across all major platforms, such as cable and satellite VOD and Internet VOD, which includes TVOD for rentals or purchases of films, AVOD for free-to-viewer streaming of films supported by advertisements and SVOD for unlimited access to films for a monthly fee.

Our cable and satellite VOD distribution agreements include those with DirecTV, Optimum (Altice USA), Verizon and In Demand (owned by Comcast, Charter and Cox). Our Internet VOD distribution agreements include those with Amazon, iTunes, Samsung, YouTube, Hulu, Xbox, Netflix, Sony and Vudu, among others.

We are rapidly expanding international distribution of our content through agreements with Film Mode Entertainment, iTunes, Sony PlayStation and Xbox, among others. Under these agreements, our titles are available on iTunes, Sony PlayStation and Xbox in the United Kingdom, Australia, France, Germany, Italy and Hong Kong, with additional countries and territories added regularly.

Television and Short-Form Video Production

We utilize the Chicken Soup for the Soul brand, together with our management's industry experience and expertise, to generate revenue through the production and distribution of video content with sponsors. We partner with sponsors and use highly-regarded independent producers to develop and produce video content. Using this approach provides us with access to a diverse pool of creative ideas for new video content projects and allows us to scale our business on a variable cost basis. We currently have producer agreements or arrangements in place with a number of these producers, including Litton Entertainment (a Hearst company). We anticipate entering into relationships with additional independent producers.

We seek committed funding from corporate and foundation sponsors covering more than the production costs prior to moving forward with a project. Since we seek to secure both the committed funding and production capabilities for our video content prior to moving forward with a project, we have high visibility into the profitability of a particular project before committing to proceed with such project. In addition, we take limited financial risk on developing our projects.

Corporate and foundation sponsors with which we work include HomeAway, Hilton Grand Vacations, American Humane, Chegg, Acorns, the Boniuk Foundation, State Farm, Michelson Found Animals Foundation and the Morgridge Family Foundation, and we are currently in discussions with numerous others. We endeavor to retain meaningful back-end rights to our video content in these relationships, which provides opportunities for improved profitability and enhances our library value.

In December 2018, we acquired all of the outstanding capital stock of A Plus, an affiliate of ours. Prior to the acquisition, A Plus was majority owned by an affiliate of CSS and, pursuant to a Distribution Agreement, we had the exclusive worldwide rights to distribute all video content (in any and all formants) and all editorial content (including articles, photos and still images) created, produced, edited or delivered by A Plus, and we received a net distribution fee equal to 30% of gross revenue generated by the distribution of the A Plus video content. As a result of the acquisition, the Distribution Agreement was terminated, resulting in our retention of 100% of the revenues generated by A Plus going forward, along with projected cost savings of more than \$5 million for our company in 2019.

Our long-form video content consists of 30- to 60-minute episodic programs typically distributed initially on traditional television or cable networks. Our current long-form video content projects include:

- **Chicken Soup for the Soul's Hidden Heroes ("Hidden Heroes").** The multi-award-winning *Hidden Heroes* was hosted by Brooke Burke. The series third season was on The CW Network. The Boniuk Foundation has agreed to sponsor a fourth season of *Hidden Heroes* with a new host. A segment of *Hidden Heroes* can be seen at <https://cssentertainment.com/hiddenheroes>. *Hidden Heroes* was nominated for an Emmy award for "Outstanding Children's or Family Viewing Series" in March 2019.

- ***Being Dad, a Chicken Soup for the Soul Original Series (“Being Dad”)***. This series is an intimate, revealing and entertaining portrait of nine men who are tackling one of the most important roles in the world: fatherhood. The episodes are about the lives of dads who are facing challenges that are simultaneously unique and universal. The fathers are all bound by the singular belief that raising their children is life’s greatest gift. In August 2018, the series began streaming on Netflix.
- ***Vacation Rental Potential***. This television series gives viewers the information and inspiration needed to realize their dreams of using real estate entrepreneurship to afford a vacation home for their family. Hosted by Holly Baker, *Vacation Rental Potential* offers insight on how to make the dream of vacation homeownership possible. The show premiered on A&E Network in December 2017. Its second season is currently airing on A&E Network. The series was nominated for a Real Screen award in the “Digital and Branded Content: Brand-Funded Content” category.
- ***Going From Broke***. Ashton Kutcher is the executive producer on this new series about the 44 million young Americans that are today saddled with student and credit card debt totaling nearly \$1.5 trillion. Recent college graduates have no idea how to dig themselves out of their financial disaster. *Going From Broke* is hosted by money expert Dan Rosensweig, CEO of multi-billion dollar company Chegg. Throughout the series, Dan helps these millennials deal with their financial challenges.
- ***Chicken Soup for the Soul’s Animal Tales (“Animal Tales”)***. This series is sponsored by Chicken Soup for the Soul Pet Food and American Humane, the country’s first national humane organization. This series celebrates everything pets and animals add to our lives. The series will bring awareness to the Chicken Soup for the Soul mission of helping all pets eat well, whether that’s by making super premium pet food that is affordable or donating millions of meals to shelter pets every year. The show premiered on the CW Network in January 2019 and is hosted by Eva La Rue.

Our short-form video content, including our branded short-form video content known as Sips, is receiving increased focus from our advertisers and sponsors. Such short-form video content is typically exhibited through online video content distribution through A Plus and various social media platforms, such as YouTube, Facebook, as well as on the social media channels of Chicken Soup for the Soul and our sponsors. A Plus regularly adds more short-form video content, and we are focusing on acquisitions in this space.

Recent Developments

On March 27, 2019, we entered into a contribution agreement (“Crackle Contribution Agreement”) with Crackle Plus, LLC, our wholly owned subsidiary (“JV Entity” or “Crackle Plus”), CPE Holdings, Inc., (“CPEH”) an affiliate of Sony Pictures Television Inc. (“Sony”), and Crackle, Inc., a wholly owned subsidiary of CPEH (“Crackle”). The transactions contemplated by the Crackle Contribution Agreement are expected to close on or around May 15, 2019.

Pursuant to the Crackle Contribution Agreement, and subject to the satisfaction of the conditions to closing set forth in the Crackle Contribution Agreement, the parties agreed to establish a new streaming video joint venture to be branded “*Crackle Plus*.” At closing of the transactions prescribed by the Crackle Contribution Agreement (the “Closing”):

- CPEH will cause Crackle and CPEH’s other affiliates to contribute certain assets of the *Crackle* branded advertising-based video on demand (“AVOD”) streaming businesses to the JV Entity; and
- We will contribute, and cause our subsidiaries to contribute, certain assets of our AVOD and subscription video-on-demand (“SVOD”) businesses to the JV Entity.

Crackle’s contributions to the JV Entity will include domestic and Canadian rights to use the *Crackle* brand, Crackle’s monthly active users and its advertising representation business. Ownership of Crackle’s original content library will be retained by Sony but will be made available for licensing to the JV Entity. The JV Entity also will enter into a license agreement with Sony for rights to distribute popular TV series and movies from the Sony Pictures Entertainment library on the Crackle Plus AVOD services. In addition, New Media Services, a wholly-owned subsidiary of Sony Electronics Inc., will provide the technology back-end services for the JV Entity pursuant to a separately negotiated agreement.

Our contribution to the JV Entity will include six owned and operated AVOD networks (Popcornflix, Truli, Popcornflix Kids, Popcornflix Comedy, Frightpix, and Españolflix), our SVOD Pivotshare platform and a sublicense to use the *Chicken Soup for the Soup* brand.

Upon consummation of the transactions prescribed by the Crackle Contribution Agreement, assuming full contribution by the parties of the prescribed assets upon the terms therein, we expect Crackle Plus to have:

- a combined audience of nearly ten million (10,000,000) monthly active users on its owned and operated networks, as well as millions of additional users from its advertising representation business, positioning Crackle Plus as one of the largest AVOD platforms in the U.S.;
- more than 38,500 hours of programming;
- more than 90 content partnerships;
- more than 1.3 billion minutes of content streamed per month; and
- an offering of more than 100 networks, both AVOD and SVOD, including networks owned by Crackle Plus and third-party networks distributed via Pivotshare.

We shall manage the day to day operations of the JV Entity through our officers that shall also serve as officers of the JV Entity. The JV Entity shall maintain a board of managers, with two managers designated by CSSE and one manager designated by Crackle. Certain actions will require the approval of Crackle, including, but not limited to (a) a change of the principal business of the JV Entity; (b) related party transactions; (c) public offerings by the JV Entity prior to the third anniversary of the Closing; (d) issuances of membership interests except as specifically prescribed by the JV Operating Agreement; (e) incurrence of indebtedness except as specifically prescribed by the JV Operating Agreement; and (f) sales of assets or the JV Entity outside of the ordinary course of business.

In consideration of Crackle and its affiliates contributing and transferring the Crackle contributed assets to the JV Entity, at the closing, the JV Entity shall issue to Crackle 37,000 units of preferred equity (the "Preferred Units") and 1,000 units of common equity (the "Common Units") of the JV Entity (collectively, the "Crackle JV Interest"). In consideration of CSSE and its affiliates contributing and transferring the CSSE contribution assets to the JV Entity, at the closing, the JV Entity shall issue to CSSE 99,000 Common Units.

Additionally, at the closing CSSE shall issue to CPEH warrants to purchase (a) Eight Hundred Thousand (800,000) shares of the Class A common stock of CSSE at an exercise price of \$8.13 per share (the "CSSE Class I Warrants"), which represents 105% of the 30-day VWAP of the Class A common stock on March 27, 2019 ("30-day VWAP"), the date the Crackle Contribution Agreement was executed; (b) warrants to purchase One Million Two Hundred Thousand (1,200,000) shares of the Class A common stock of CSSE at an exercise price of \$9.67 per share, which represents 125% of the 30-day VWAP (the "CSSE Class II Warrants"); (c) warrants to purchase Three Hundred Eighty Thousand (380,000) shares of the Class A common stock of CSSE at an exercise price of \$11.61 per share, which represents 150% of the 30-day VWAP (the "CSSE Class III-A Warrants"); and (d) warrants to purchase One Million Six Hundred Twenty Thousand (1,620,000) shares of the Class A common stock of CSSE at an exercise price of \$11.61 per share, which represents 150% of the 30-day VWAP (the "CSSE Class III-B Warrants" and, collectively with the CSSE Class I Warrants, the CSSE Class II Warrants and the CSSE Class III-A Warrants, the "CSSE Warrants"). All of the CSSE Warrants have a five-year term commencing on the closing and are exercisable during such term immediately, except for the CSSE Class III-B Warrants, which only will become exercisable upon approval by the vote of the holders of the outstanding common stock of CSSE, as required by Nasdaq rules. Affiliates of CSSE will deliver at closing an irrevocable proxy to vote all of the shares of CSSE's common stock owned by them in favor of the required approval, which common stock will be sufficient to approve the proposal, and which approval will be sought within the time periods prescribed by the Agreement. CPEH shall have registration rights with respect to the shares of CSSE's Class A common stock underlying the CSSE Warrants.

Immediately following closing, CSSE will own 99% of the Common Units and Crackle will own 1% of the Common Units and Crackle will have a Preferred Liquidation Preference with respect to its Preferred Units. The "Preferred Liquidation Preference" will be equal to the sum of (i) \$36,350,000 plus (ii) a preferred return thereon of 3% per annum, compounded annually. The Preferred Liquidation Preference will terminate upon exercise of the Conversion Right or the exercise or deemed exercise of the Put Option described below.

During the six-month period following the first anniversary of the closing of the transactions contemplated by Crackle Contribution Agreement (the "Exercise Period"), Crackle shall have the right ("Conversion Right") to convert all, but not less than all, of its Preferred Units into that number of Common Units that, when added to the Common Units already held by Crackle (and its permitted transferees), will provide Crackle (together with its applicable permitted transferees) with a percentage interest (based on all outstanding Common Units) of 49% on a fully diluted basis assuming the conversion, exercise or exchange of all securities or debt convertible into or exercisable or exchangeable for Common Units (as adjusted for transactions and certain equity issuances consummated prior to conversion). The Common Units so issued shall be the same class and type of equity, and have identical rights, privileges and preferences as the Common Units owned by CSSE.

In lieu of exercising its Conversion Right described above, during the Exercise Period, Crackle shall have the right (“Put Option”) to require CSSE to purchase all, but not less than all, of the Crackle JV Interest (including any units of the JV Entity held by Crackle’s permitted transferees) (the “Subject Units”). If this right is exercised by Crackle, CSSE shall pay for the Subject Units through either the issuance of CSSE’s Preferred Shares or, at CSSE’s election, an amount of cash based on the number of CSSE Preferred Shares that would have been issued in payment therefor, using a price per share of \$25. The number of CSSE Preferred Shares comprising the consideration payable upon exercise of the Put Option shall be calculated in accordance with a formula set forth in the JV Operating Agreement, up to a maximum of 1,600,000 CSSE Preferred Shares. Crackle shall have registration rights with respect to any CSSE Preferred Shares it may be issued. Subject to certain limitations, in the event that Crackle has not exercised the Put Option and has not exercised the Conversion Right during the Exercise Period, Crackle shall be deemed to have automatically exercised the Put Option on the last day of the Exercise Period.

The results of operations of the Crackle VOD business will be included in the Company’s consolidated statements of operations as of the contribution date. The contribution of the Crackle VOD assets is expected to have a material, positive impact on the Company’s consolidated financial position, results of operations and cash flows, although there can be no assurance that this will be the case. We cannot assure you that the transaction will close as or when contemplated or at all, or that if the transaction is closed we will successfully manage the operations of the JV Entity or integrate the assets of the Crackle VOD business into our existing operations. Please see the risk factors related to the proposed joint venture described in our Annual Report on Form 10-K for the year ended December 31, 2018 and the information related to this transaction described in our Current Report on Form 8-K filed with the Securities and Exchange Commission on April 2, 2019.

Competition

Video content production and distribution direct to consumers are highly competitive businesses. We face competition from companies within the entertainment business and from alternative forms of leisure entertainment, such as travel, sporting events, outdoor recreation, video games, the internet and other cultural and computer-related activities. We compete with the major studios, numerous independent motion picture and television distribution and production companies, television networks, pay television systems and online media platforms for the services of performing artists, producers and other creative and technical personnel and production financing, all of which are essential to the success of our businesses.

In addition, our video content competes for media outlet and audience acceptance with video content produced and distributed by other companies. As a result, the success of any of our video content is dependent not only on the quality and acceptance of a particular production, but also on the quality and acceptance of other competing video content available in the marketplace at or near the same time.

Given such competition, and our stage of development, we intend to initially emphasize a lower cost structure, risk mitigation, reliance on financial partnerships and innovative financial strategies. Our cost structures are designed to utilize our flexibility and agility as well as the entrepreneurial spirit of our employees, partners and affiliates, in order to provide creative, desirable video content.

Intellectual Property

We are party to the CSS License Agreement (as defined in our Annual Report on Form 10-K for the year ended December 31, 2018) through which we have been granted the perpetual, exclusive, worldwide license by CSS to produce and distribute video content using the brand and related content, such as stories published in the *Chicken Soup for the Soul* books. *Chicken Soup for the Soul* and related names are trademarks owned by CSS. We have the proprietary rights (including copyrights) in all our *Sips* and company-produced content. With the acquisition of Screen Media, the Company now owns copyrights or global long-term distribution rights to Screen Media film library as well as ownership of Screen Media’s AVOD application Popcornflix®.

We rely on a combination of confidentiality procedures, contractual provisions and other similar measures to protect our proprietary information and intellectual property rights.

Employees

As of December 31, 2018, we had 40 direct employees. We will add a material number of Crackle employees if we consummate the transactions contemplated by the Crackle Contribution Agreement. The services of certain personnel, including our chairman and chief executive officer, vice chairman and chief strategy officer, our senior brand advisor and director, and chief financial officer, are provided to us under the CSS Management Agreement (as defined in our Annual Report on Form 10-K for the year ended December 31, 2018). We also utilize many consultants in the ordinary course of our business and hire additional personnel on a project-by-project basis. We believe that our employee and labor relations are good, and we are committed to inclusion and have strict policies and procedures to maintain a safe work environment.

Corporate Information

We are a Delaware corporation formed on May 4, 2016. CSS Productions, our predecessor and immediate parent company, was formed in December 2014 by CSS, and initiated operations in January 2015. We were formed to create a discrete entity focused on video content opportunities using the Brand. In connection with our succession to the operations of CSS Productions, all video content assets owned by CSS and any of its affiliates, including all rights and obligations related thereto, were transferred to us upon formation on May 4, 2016. Thereafter, CSS Productions' operating activities ceased, and the Company continued the business operations of producing and distributing the video content.

Implications of Being an Emerging Growth Company

We are an "emerging growth company," as defined in the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"). As long as we are an emerging growth company, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies. These include, but are not limited to:

- Not being required to comply with the auditor attestation requirements in the assessment of our internal control over financial reporting;
- Not being required to comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditors' report providing additional information about the audit and the financial statements;
- Reduced disclosure obligations regarding executive compensation; and
- Exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

We may remain an "emerging growth company" until as late as December 31, 2022, the fiscal year-end following the fifth anniversary of the completion of our initial public offering, though we may cease to be an emerging growth company earlier under certain circumstances, including if (a) we have more than \$1 billion in annual gross revenue in any fiscal year, (b) the market value of our common stock that is held by non-affiliates exceeds \$700 million as of any June 30 or (c) we issue more than \$1 billion of non-convertible debt over a three-year period.

Reconciliation of GAAP Net Income as Reported to Adjusted EBITDA

In addition to the results reported in accordance with generally accepted accounting principles ("GAAP"), we use a financial measure which is not recognized under GAAP as a supplemental indicator of our operating performance. This non-GAAP financial measure is provided to enhance the reader's understanding of our historical and current financial performance. Management believes that this measure provides useful information in that it excludes amounts that are not indicative of our core operating results and ongoing operations and provides a more consistent basis for comparison between periods. The non-GAAP financial measure that we currently use is Adjusted EBITDA which is defined as follows:

"Adjusted EBITDA" means earnings before interest, taxes, depreciation, amortization, acquisition-related costs, consulting fees related to the acquisition of Screen Media and non-cash share-based compensation expense, and adjustments for other identified charges, such as costs incurred to form our company and to prepare for the offering of our Class A common stock to the public, prior to our initial public offering ("IPO"). Adjusted EBITDA does not include the gain on bargain purchase of Screen Media. Identified charges also include the cost of maintaining a board of directors prior to being a publicly traded company. As our IPO has been completed, director fees are deducted from Adjusted EBITDA. Adjusted EBITDA is not an earnings measure recognized by GAAP and does not have a standardized meaning prescribed by GAAP; accordingly, Adjusted EBITDA may not be comparable to similar measures presented by other companies. We believe Adjusted EBITDA to be a meaningful indicator of our performance that provides useful information to investors regarding our financial condition and results of operations. The most comparable GAAP measure is operating income.

Adjusted EBITDA has important limitations as an analytical tool and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

- Adjusted EBITDA does not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;
- Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- Although depreciation is a non-cash charge, the assets being depreciated will often have to be replaced in the future, and Adjusted EBITDA does not reflect any cash requirements for such replacements;
- Adjusted EBITDA does not reflect the impact of stock-based compensation upon our results of operations;
- Adjusted EBITDA does not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments on our debt;
- Adjusted EBITDA does not reflect our income tax (benefit) expense or the cash requirements to pay our income taxes; and
- Other companies in our industry may calculate Adjusted EBITDA differently than we do, limiting its usefulness as a comparative measure.

In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses similar to those eliminated in this presentation.

The following table presents a reconciliation of Adjusted EBITDA to net income, the most directly comparable GAAP measure, for the periods presented:

To comply with US GAAP requirements around transactions with common controlled entities the current year financial statements include the results of operations for the combined entities of CSSE and recently acquired subsidiary A Plus. The acquisition was finalized on December 28, 2018. To provide a more representative view of CSSE's operating results for the 2018 year we've reconciled the results of the operation of the CSSE consolidated business net income to Adjusted EBITDA excluding the effects of the A Plus acquisition as follows:

The Series A Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up, (a) senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in clauses (b) and (c); (b) on a parity with all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up; (c) junior to all equity securities issued by us with terms specifically providing that those equity securities rank senior to the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up; and (d) effectively junior to all of our existing and future indebtedness (including indebtedness convertible into our common stock or preferred stock) and to the indebtedness and other liabilities of (as well as any preferred equity interests held by others in) our existing subsidiaries and any future subsidiaries. Please see the section of the base prospectus entitled “*Description of the Series A Preferred Stock—Ranking.*”

Limited Voting Rights

Holders of Series A Preferred Stock will generally have no voting rights. RISK FACTORS

Before you make a decision to invest in our Series A Preferred Stock, you should consider carefully the risk factors described below and in the accompanying base prospectus, together with other information in this prospectus supplement, the accompanying base prospectus, and the information incorporated by reference herein and therein as set forth in our filings with the SEC, including our annual report on Form 10-K for the year ended December 31, 2018 and our Current Reports on Form 8-K. If any of the following events actually occur, our business, operating results, prospects, or financial condition could be materially and adversely affected. This could cause the trading price of our Series A Preferred Stock to decline and you may lose all or part of your investment. The risk factors described in our SEC filings and below are not the only ones that we face. Additional risks not presently known to us or that we currently deem immaterial may also significantly impair our business operations and could result in a complete loss of your investment.

The Series A Preferred Stock ranks junior to all of our indebtedness and other liabilities.

In the event of our bankruptcy, liquidation, dissolution or winding-up of our affairs, our assets will be available to pay obligations on the Series A Preferred Stock only after all of our indebtedness and other liabilities have been paid. The rights of holders of the Series A Preferred Stock to participate in the distribution of our assets will rank junior to the prior claims of our current and future creditors and any future series or class of preferred stock we may issue that ranks senior to the Series A Preferred Stock. Also, the Series A Preferred Stock effectively ranks junior to all existing and future indebtedness and to the indebtedness and other liabilities of our existing subsidiaries and any future subsidiaries. Our existing subsidiaries are, and future subsidiaries would be, separate legal entities and have no legal obligation to pay any amounts to us in respect of dividends due on the Series A Preferred Stock.

We have incurred and may in the future incur substantial amounts of debt and other obligations that will rank senior to the Series A Preferred Stock. As of December 31, 2018, our total liabilities (excluding contingent consideration) equaled approximately \$17.3 million, including \$7.9 million owed under a commercial loan facility consisting of a \$4.4 million term loan and \$3.5 million owed under our revolving credit line with our bank (collectively, our “Commercial Loan”). If we are forced to liquidate our assets to pay our creditors, we may not have sufficient assets to pay amounts due on any or all of the Series A Preferred Stock then outstanding.

We may not be able to pay dividends on the Series A Preferred Stock if we fall out of compliance with our loan covenants and are prohibited by our bank lender from paying dividends.

Our Commercial Loan requires us to maintain a minimum debt service coverage ratio. Related to this obligation, the Commercial Loan contains a negative covenant that restricts our ability to make dividend payments and other distributions and payments to stockholders and certain other people if such payments, distributions or expenditures would result in an event of default under the Commercial Loan or any other indebtedness, or would exceed our net earnings in excess of its debt service obligations. We are currently in compliance with all of our covenants under the Commercial Loan.

We must adhere to prescribed legal requirements and also have sufficient cash in order to be able to pay dividends.

In accordance with Section 170 of the Delaware General Corporation Law, we may only declare and pay cash dividends on the Series A Preferred Stock if we have either net profits during the fiscal year in which the dividend is declared and/or the preceding fiscal year, or a “surplus”, meaning the excess, if any, of our net assets (total assets less total liabilities) over our capital. We can provide no assurance that we will satisfy such requirements in any given year. Further, even if we have the legal ability to declare a dividend, we may not have sufficient cash to pay dividends on the Series A Preferred Stock. Our ability to pay dividends may be impaired if any of the risks described in this prospectus supplement actually occur. Also, payment of our dividends depends upon our financial condition and other factors as our board of directors may deem relevant from time to time. We cannot assure you that our businesses will generate sufficient cash flow from operations or that future borrowings will be available to us in an amount sufficient to enable us to pay dividends on the Series A Preferred Stock.

If Nasdaq delists the Series A Preferred Stock, investors’ ability to make trades in the Series A Preferred Stock could be limited.

Our Series A Preferred Stock is currently listed on the Nasdaq Global Market under the symbol “CSSEP.” We cannot assure you that the Series A Preferred Stock will continue to be listed on the Nasdaq Global Market in the future. In order to continue listing the Series A Preferred Stock on the Nasdaq Global Market, we must maintain certain financial, distribution, and share price levels. Generally, this means having a minimum number of publicly held shares of Series A Preferred Stock (generally 100,000 shares), a minimum market value (generally \$1,000,000) and a minimum number of holders (generally 100 public holders). If our Class A common stock is delisted from the Nasdaq Global Market, the Series A Preferred Stock would be required to meet the more stringent initial listing standards of the Nasdaq Global Market for a Primary Equity Security, including a minimum number of publicly held shares of Series A Preferred Stock (generally 1,100,000 shares) and a minimum number of holders (generally 400 public holders). If we are unable to meet these standards and the Series A Preferred Stock is delisted from the Nasdaq Global Market, we may apply to list our Series A Preferred Stock on the Nasdaq Capital Market. If we are also unable to meet the listing standards for the Nasdaq Capital Market, we may apply to have our Series A Preferred Stock quoted by OTC Markets. If we are unable to maintain listing for the Series A Preferred Stock, the ability to transfer or sell shares of the Series A Preferred Stock will be limited and the market value of the Series A Preferred Stock will likely be materially adversely affected. Moreover, since the Series A Preferred Stock has no stated maturity date, investors may be forced to hold shares of the Series A Preferred Stock indefinitely while receiving stated dividends thereon when, as and if authorized by our board of directors and paid by us with no assurance as to ever receiving the liquidation value thereof.

The market for our Series A Preferred Stock may not provide investors with adequate liquidity.

Liquidity of the market for the Series A Preferred Stock depends on a number of factors, including prevailing interest rates, our financial condition and operating results, the number of holders of the Series A Preferred Stock, the market for similar securities and the interest of securities dealers in making a market in the Series A Preferred Stock. We cannot predict the extent to which investor interest in our Company will maintain a trading market in our Series A Preferred Stock, or how liquid that market will be. If an active market is not maintained, investors may have difficulty selling shares of our Series A Preferred Stock.

We are generally restricted from issuing shares of other series of preferred stock that rank senior the Series A Preferred Stock as to dividend rights, rights upon liquidation or voting rights, but may do so with the requisite consent of the holders of the Series A Preferred Stock; and, further, no such consent is required for the issuance of additional series of preferred stock ranking pari passu with the Series A Preferred Stock.

We are allowed to issue shares of other series of preferred stock that rank above the Series A Preferred Stock as to dividend payments and rights upon our liquidation, dissolution or winding up of our affairs, only with the approval of the holders of at least 66.67% of the outstanding Series A Preferred Stock; however, we are allowed to issue additional shares of Series A Preferred Stock and/or additional series of preferred stock that would rank equally to the Series A Preferred Stock as to dividend payments and rights upon our liquidation or winding up of our affairs without first obtaining the approval of the holders of our Series A Preferred Stock. The issuance of additional shares of Series A Preferred Stock and/or additional series of preferred stock could have the effect of reducing the amounts available to the Series A Preferred Stock upon our liquidation or dissolution or the winding up of our affairs. It also may reduce dividend payments on the Series A Preferred Stock if we do not have sufficient funds to pay dividends on all Series A Preferred Stock outstanding and other classes or series of stock with equal or senior priority with respect to dividends. Future issuances and sales of senior or pari passu preferred stock, or the perception that such issuances and sales could occur, may cause prevailing market prices for the Series A Preferred Stock and our Class A common stock to decline and may adversely affect our ability to raise additional capital in the financial markets at times and prices favorable to us.

Market interest rates may materially and adversely affect the value of the Series A Preferred Stock.

One of the factors that will influence the price of the Series A Preferred Stock is the dividend yield on the Series A Preferred Stock (as a percentage of the market price of the Series A Preferred Stock) relative to market interest rates. Continued increase in market interest rates may lead prospective purchasers of the Series A Preferred Stock to expect a higher dividend yield (and higher interest rates would likely increase our borrowing costs and potentially decrease funds available for dividend payments). Thus, higher market interest rates could cause the market price of the Series A Preferred Stock to materially decrease.

Holders of the Series A Preferred Stock may be unable to use the dividends-received deduction and may not be eligible for the preferential tax rates applicable to “qualified dividend income.”

Distributions paid to corporate U.S. holders of the Series A Preferred Stock may be eligible for the dividends-received deduction, and distributions paid to non-corporate U.S. holders of the Series A Preferred Stock may be subject to tax at the preferential tax rates applicable to “qualified dividend income,” only if we have current or accumulated earnings and profits, as determined for U.S. federal income tax purposes. Additionally, we may not have sufficient current earnings and profits during future fiscal years for the distributions on the Series A Preferred Stock to qualify as dividends for U.S. federal income tax purposes. If the distributions fail to qualify as dividends, U.S. holders would be unable to use the dividends-received deduction and may not be eligible for the preferential tax rates applicable to “qualified dividend income.” If any distributions on the Series A Preferred Stock with respect to any fiscal year are not eligible for the dividends-received deduction or preferential tax rates applicable to “qualified dividend income” because of insufficient current or accumulated earnings and profits, it is possible that the market value of the Series A Preferred Stock might decline.

Our revenues, operating results and cash flows may fluctuate in future periods and we may fail to meet investor expectations, which may cause the price of our Series A Preferred Stock to decline.

Variations in our quarterly and year-end operating results are difficult to predict and our income and cash flows may fluctuate significantly from period to period, which may impact our board of directors' willingness or legal ability to declare a monthly dividend. If our operating results fall below the expectations of investors or securities analysts, the price of our Series A Preferred Stock could decline substantially. Specific factors that may cause fluctuations in our operating results include:

- demand and pricing for our products and services;
- introduction of competing products;
- our operating expenses which fluctuate due to growth of our business;
- timing and popularity of new video content offerings and changes in viewing habits or the emergence of new content distribution platforms; and
- variable sales cycle and implementation periods for content and services.

A reduction in the credit rating of our Series A Preferred Stock could adversely affect the pricing and liquidity of such stock.

Egan-Jones has rated our Series A Preferred Stock as BBB(-). Such credit rating applies to up to a maximum issuance of \$40 million of shares of Series A Preferred Stock through June 2020. To date, we have issued approximately \$28.55 million of shares of Series A Preferred Stock, not including the shares offered hereby. Further, under the Crackle Contribution Agreement we have agreed to issue to CPEH up to 200,000 shares of Series A Preferred Stock as reimbursement for expenses in connection with the creation of the JV Entity and up to an aggregate of 1,600,000 shares of Series A preferred stock in the event that Crackle elects to exchange Crackle's membership interest in the joint venture in 12 to 18 months. Any downward revision or withdrawal of the credit rating on our Series A Preferred Stock could materially adversely affect market confidence in such stock and could cause material decreases in the market price of such stock and could diminish market liquidity. Neither Egan-Jones nor any other agency is under any obligation to maintain any rating assigned to our Series A Preferred Stock and such rating could be revised downward or withdrawn at any time for reasons of general market changes or changes in our financial condition or for no reason at all. See "*Description of the Series A Preferred Stock – Credit Rating of Our Series A Preferred Stock.*"

A reduction in the credit rating of our Series A Preferred Stock could adversely affect our ability to borrow from other sources.

Our borrowing costs and our access to sources of debt financing could be significantly affected by any public credit rating applicable to us or our securities. Ratings, such as that assigned by Egan-Jones to our Series A Preferred Stock, can be reduced or withdrawn at any time, giving rise to negative credit implications with respect to our company. A reduction in our credit ratings could increase our borrowing costs and limit our access to the capital markets. This, in turn, could reduce our earnings and adversely affect our liquidity.

The market price of the Series A Preferred Stock could be substantially affected by various factors.

The market price of the Series A Preferred Stock could be subject to wide fluctuations in response to numerous factors. The price of the Series A Preferred Stock that will prevail in the market after this offering may be higher or lower than the offering price depending on many factors, some of which are beyond our control and may not be directly related to our operating performance.

These factors include, but are not limited to, the following:

- prevailing interest rates, increases in which may have an adverse effect on the market price of the Series A Preferred Stock;
- trading prices of similar securities;
- our history of timely dividend payments;
- the annual yield from dividends on the Series A Preferred Stock as compared to yields on other financial instruments;
- general economic and financial market conditions;

- government action or regulation;
- the financial condition, performance and prospects of us and our competitors;
- changes in financial estimates or recommendations by securities analysts with respect to us or our competitors in our industry;
- our issuance of additional preferred equity or debt securities; and
- actual or anticipated variations in quarterly operating results of us and our competitors.

As a result of these and other factors, investors who purchase the Series A Preferred Stock in this offering may experience a decrease, which could be substantial and rapid, in the market price of the Series A Preferred Stock, including decreases unrelated to our operating performance or prospects.

We may redeem the Series A Preferred Stock.

On or after June 27, 2023, we may, at our option, redeem the Series A Preferred Stock, in whole or in part, at any time or from time to time. Also, upon the occurrence of a Change of Control prior to June 27, 2023, we may, at our option, redeem the Series A Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred. We may have an incentive to redeem the Series A Preferred Stock voluntarily if market conditions allow us to issue other preferred stock or debt securities at a rate that is lower than the dividend rate on the Series A Preferred Stock. If we redeem the Series A Preferred Stock, then from and after the redemption date, dividends will cease to accrue on shares of Series A Preferred Stock, the shares of Series A Preferred Stock shall no longer be deemed outstanding and all rights as a holder of those shares will terminate, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, payable upon redemption.

A holder of Series A Preferred Stock has extremely limited voting rights.

The voting rights for a holder of Series A Preferred Stock are limited. Our shares of Class A common stock and Class B common stock vote together as a single class and are the only class of our securities that carry full voting rights. Mr. Rouhana, our chairman of the board and chief executive officer, beneficially owns the vast majority of the voting power of our outstanding common stock. As a result, Mr. Rouhana exercises a significant level of control over all matters requiring stockholder approval, including the election of directors, amendment of our certificate of incorporation, and approval of significant corporate transactions. This control could have the effect of delaying or preventing a change of control of our company or changes in management and will make the approval of certain transactions difficult or impossible without his support, which in turn could reduce the price of our Series A Preferred Stock.

Voting rights for holders of the Series A Preferred Stock exist primarily with respect to the ability to elect, voting together with the holders of any other series of our preferred stock having similar voting rights, two additional directors to our board of directors, subject to limitations described in the section of the base prospectus entitled “*Description of the Series A Preferred Stock—Voting Rights*,” in the event that eighteen monthly dividends (whether or not consecutive) payable on the Series A Preferred Stock are in arrears, and with respect to voting on amendments to our certificate of incorporation, including the certificate of designations relating to the Series A Preferred Stock, that materially and adversely affect the rights of the holders of Series A Preferred Stock or authorize, increase or create additional classes or series of our capital stock that are senior to the Series A Preferred Stock. Other than the limited circumstances described in the prospectus and except to the extent required by law, holders of Series A Preferred Stock do not have any voting rights. Please see the section of the base prospectus entitled “*Description of the Series A Preferred Stock—Voting Rights*.”

The Series A Preferred Stock is not convertible into Class A common stock, including in the event of a Change of Control, and investors will not realize a corresponding upside if the price of the Class A common stock increases.

The Series A Preferred Stock is not convertible into shares of Class A common stock and earns dividends at a fixed rate. Accordingly, an increase in market price of our Class A common stock will not necessarily result in an increase in the market price of our Series A Preferred Stock. The market value of the Series A Preferred Stock may depend more on dividend and interest rates for other preferred stock, commercial paper and other investment alternatives and our actual and perceived ability to pay dividends on, and in the event of dissolution satisfy the liquidation preference with respect to, the Series A Preferred Stock.

We will have broad discretion in using the proceeds of this offering, and we may not effectively spend the proceeds.

We will use the net proceeds of this offering for working capital and general corporate purposes to support our growth and may, in our discretion, use a portion of the net proceeds for dividends on our outstanding securities and the repurchase of outstanding Class A common stock in open market transactions in compliance with Rule 10b-18 and private transactions. We have not allocated any specific portion of the net proceeds to any particular purpose, and our management will have the discretion to allocate the proceeds as it determines. We will have significant flexibility and broad discretion in applying the net proceeds of this offering, and we may not apply these proceeds effectively. Our management might not be able to yield a significant return, if any, on any investment of these net proceeds, and you will not have the opportunity to influence our decisions on how to use our net proceeds from this offering.

We cannot assure you that we will consummate the Crackle joint venture transactions as contemplated by the Crackle Contribution Agreement or that if we do consummate such transactions, we will successfully operate the JV Entity business or successfully integrate the Crackle VOD assets with our existing assets and operations.

The consummation of the asset contribution and the launch of the JV Entity operations contemplated by the Crackle Contribution Agreement are subject to numerous closing conditions that must be satisfied or waived by the parties at or prior to closing. Accordingly, we may not consummate the transactions contemplated by the Crackle Contribution Agreement. If we do consummate the transactions contemplated by the Crackle Contribution Agreement, we may not successfully operate the JV Entity or successfully integrate the Crackle VOD assets with our existing assets or VOD businesses. Even if we are able to successfully integrate the Crackle VOD assets with our existing assets or VOD businesses, under the terms of the Crackle Contribution Agreement Crackle has certain put rights which could require us to purchase Crackle's interest in the JV Entity for significant sums of cash or shares of Series A Preferred Stock. Further, we have obligations to reimburse Crackle and its affiliates for expenses incurred in connection with the transaction, and we may elect to use our Series A Preferred Stock to pay these obligations. Any such issuances to Crackle of our Series A Preferred Stock could materially increase our dividend obligations and could require us to seek to have our Series A Preferred Stock re-rated by Egan-Jones or other rating agencies, which rating may not be obtained or may not be as high as the then current rating. Please refer to our Current Report on Form 8-K filed with the Securities and Exchange Commission on April 2, 2019 and our Annual Report on Form 10-K for the year ended December 31, 2018 for more information and additional risk disclosures related to the transactions contemplated by the Crackle Contribution Agreement.

If we consummate the transactions contemplated by the Crackle Contribution Agreement and Crackle exercises its Put Option and we elect to pay for same through the issuance of our Series A Preferred Stock, the dividend payment risks to our then current holders of Series A Preferred Stock may increase and, in any liquidation, or dissolution of the Company, the ability of holders of Series A Preferred Stock to receive their full liquidation preference may be negatively impacted.

Our ability to pay dividends on our Series A Preferred Stock is dependent upon our financial performance. If, following the one year anniversary of the closing of the proposed transactions under the Crackle Contribution Agreement, Crackle exercises its Put Option and sells to us its interests in the JV Entity, we may elect to issue 1,600,000 shares of our Series A Preferred Stock to Crackle in payment therefor, which would increase our annual dividend payment obligations by approximately \$3,900,000. We may also be required to issue up to an additional 200,000 shares of our Series A Preferred Stock to CPEH in reimbursement of its expenses related to the proposed transactions. Any downturn in our business, or our inability to achieve the results we anticipate from the Crackle Plus joint venture, could adversely affect our ability to pay the total dividends that accrue on all our outstanding shares of Series A Preferred Stock. In addition, in any business failure resulting in a dissolution or liquidation of the Company, the interests that the current holders of the Series A Preferred Stock possess in any liquidation proceeds will be diluted by the liquidation proceeds payable on any such shares issued to Crackle.

PUBLIC MARKET FOR OUR SECURITIES

USE OF PROCEEDS

If the over-allotment is exercised in full, we will receive additional proceeds of \$483,716, after deducting underwriting discounts and commissions and the nonaccountable expense allowance totaling \$36,409. We intend to use the net proceeds from the sale of Series A Preferred Stock by us in this offering for working capital and other general corporate purposes including dividends and share repurchases.

DESCRIPTION OF SERIES A PREFERRED STOCK

This description of certain terms of the Series A Preferred Stock supplements, and, to the extent inconsistent therewith, replaces, the description of our Series A Preferred Stock set forth in the accompanying base prospectus, to which description reference is hereby made. The description of certain terms of the Series A Preferred Stock in this prospectus supplement does not purport to be complete and is in all respects subject to, and qualified in its entirety by references to the relevant provisions of our certificate of incorporation, the amended certificate of designation establishing the terms of our Series A Preferred Stock, our bylaws, and Delaware law.

General

Our board of directors is authorized, subject to limitations prescribed by Delaware law, to issue preferred stock in one or more series, to establish from time to time the number of shares to be included in each series, and to fix the designation, powers, preferences and rights of the shares of each series and any of its qualifications, limitations or restrictions, in each case without further vote or action by our stockholders. Our board of directors can also increase (but not above the total number of authorized shares of the class) or decrease (but not below the number of shares then outstanding) the number of shares of any series of preferred stock, without any further vote or action by our stockholders. Our board of directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock or other series of preferred stock. The issuance of preferred stock, while providing flexibility in connection with possible financings, acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change in our control of our company and might adversely affect the market price of our common stock and the voting and other rights of the holders of our common stock.

Series A Preferred Stock

The description of certain terms of the 9.75% Series A Cumulative Redeemable Perpetual Preferred Stock in this prospectus supplement does not purport to be complete and is in all respects subject to, and qualified in its entirety by references to the relevant provisions of our amended and restated certificate of incorporation, the amended certificate of designations establishing the terms of our Series A Preferred Stock, our bylaws and the DGCL. Copies of our certificate of incorporation, certificate of designations, bylaws and all amendments thereto, are available from us upon request.

The sale of Series A Preferred Stock generated aggregate net proceeds to us of approximately \$14.8 million. In connection with our acquisition of Pivotshare in August 2018, we issued 134,000 shares of Series A Preferred Stock. On November 19, 2018, we completed an additional underwritten public offering of our Series A Preferred Stock at an offering price of \$25.00 per share. Our board of directors may, without the approval of holders of the Series A Preferred Stock or our common stock, designate additional series of authorized preferred stock ranking junior to or on parity with the Series A Preferred Stock or designate additional shares of the Series A Preferred Stock and authorize the issuance of such shares. Designation of preferred stock ranking senior to the Series A Preferred Stock will require approval of the holders of Series A Preferred Stock, as described below in "Voting Rights."

The registrar, transfer agent, and dividend and redemption price disbursing agent in respect of the Series A Preferred Stock is Continental Stock Transfer & Trust Company.

Listing

Our Series A Preferred Stock has been approved for listing on the Nasdaq Global Market under the symbol "CSSEP".

No Maturity, Sinking Fund or Mandatory Redemption

The Series A Preferred Stock has no stated maturity and will not be subject to any sinking fund or mandatory redemption. Shares of the Series A Preferred Stock will remain outstanding indefinitely unless we decide to redeem or otherwise repurchase them. We are not required to set aside funds to redeem the Series A Preferred Stock.

Ranking

The Series A Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up:

- senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in the next two bullet points below;
- on a parity with all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up;
- junior to all equity securities issued by us with terms specifically providing for ranking senior to the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up (please see the section entitled “*Voting Rights*” below); and
- effectively junior to all our existing and future indebtedness (including indebtedness convertible to our common stock or preferred stock) and to any indebtedness and other liabilities of (as well as any preferred equity interests held by others in) our existing subsidiaries.

Dividends

Holders of shares of the Series A Preferred Stock are entitled to receive, when, as and if declared by our board of directors, out of funds of the Company legally available for the payment of dividends, cumulative cash dividends at the rate of 9.75% of the \$25.00 per share liquidation preference per annum (equivalent to \$2.4375 per annum per share). Dividends on the Series A Preferred Stock shall be payable monthly on the 15th day of each month; provided that if any dividend payment date is not a business day, as defined in the certificate of designations, then the dividend that would otherwise have been payable on that dividend payment date may be paid on the next succeeding business day and no interest, additional dividends or other sums will accrue on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. Any dividend payable on the Series A Preferred Stock, including dividends payable for any partial dividend period, will be computed on the basis of a 360-day year consisting of twelve 30-day months; however, the shares of Series A Preferred Stock offered hereby will be credited as having accrued dividends since the first day of the calendar month in which they are issued. Dividends will be payable to holders of record as they appear in our stock records for the Series A Preferred Stock at the close of business on the applicable record date, which shall be the last day of the calendar month, whether or not a business day, immediately preceding the month in which the applicable dividend payment date falls. As a result, holders of shares of Series A Preferred Stock will not be entitled to receive dividends on a dividend payment date if such shares were not issued and outstanding on the applicable dividend record date.

No dividends on shares of Series A Preferred Stock shall be authorized by our board of directors or paid or set apart for payment by us at any time when the terms and provisions of any agreement of ours, including any agreement relating to our indebtedness, prohibit the authorization, payment or setting apart for payment thereof or provide that the authorization, payment or setting apart for payment thereof would constitute a breach of the agreement or a default under the agreement, or if the authorization, payment or setting apart for payment shall be restricted or prohibited by law.

Notwithstanding the foregoing, dividends on the Series A Preferred Stock will accrue whether or not we have earnings, whether or not there are funds legally available for the payment of those dividends and whether or not those dividends are declared by our board of directors. No interest, or sum in lieu of interest, will be payable in respect of any dividend payment or payments on the Series A Preferred Stock that may be in arrears, and holders of the Series A Preferred Stock will not be entitled to any dividends in excess of full cumulative dividends described above. Any dividend payment made on the Series A Preferred Stock shall first be credited against the earliest accumulated but unpaid dividend due with respect to those shares.

Future distributions on our common stock and preferred stock, including the Series A Preferred Stock will be at the discretion of our board of directors and will depend on, among other things, our results of operations, cash flow from operations, financial condition and capital requirements, any debt service requirements and any other factors our board of directors deems relevant. Accordingly, we cannot guarantee that we will be able to make cash distributions on our preferred stock or what the actual distributions will be for any future period.

Unless full cumulative dividends on all shares of Series A Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof has been or contemporaneously is set apart for payment for all past dividend periods, no dividends (other than in shares of common stock or in shares of any series of preferred stock that we may issue ranking junior to the Series A Preferred Stock as to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up) shall be declared or paid or set aside for payment upon shares of our common stock or preferred stock that we may issue ranking junior to, or on a parity with, the Series A Preferred Stock as to the payment of dividends or the distribution of assets upon liquidation, dissolution or winding up. Nor shall any other distribution be declared or made upon shares of our common stock or preferred stock that we may issue ranking junior to, or on a parity with, the Series A Preferred Stock as to the payment of dividends or the distribution of assets upon liquidation, dissolution or winding up. Also, any shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series A Preferred Stock as to the payment of dividends or the distribution of assets upon liquidation, dissolution or winding up shall not be redeemed, purchased or otherwise acquired for any consideration (or any moneys paid to or made available for a sinking fund for the redemption of any such shares) by us (except by conversion into or exchange for our other capital stock that we may issue ranking junior to the Series A Preferred Stock as to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up).

When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the Series A Preferred Stock and the shares of any other series of preferred stock that we may issue ranking on a parity as to the payment of dividends with the Series A Preferred Stock, all dividends declared upon the Series A Preferred Stock and any other series of preferred stock that we may issue ranking on a parity as to the payment of dividends with the Series A Preferred Stock shall be declared pro rata so that the amount of dividends declared per share of Series A Preferred Stock and such other series of preferred stock that we may issue shall in all cases bear to each other the same ratio that accrued dividends per share on the Series A Preferred Stock and such other series of preferred stock that we may issue (which shall not include any accrual in respect of unpaid dividends for prior dividend periods if such preferred stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the Series A Preferred Stock that may be in arrears.

Liquidation Preference

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of shares of Series A Preferred Stock will be entitled to be paid out of the assets we have legally available for distribution to our shareholders, subject to the preferential rights of the holders of any class or series of our capital stock we may issue ranking senior to the Series A Preferred Stock with respect to the distribution of assets upon liquidation, dissolution or winding up, a liquidation preference of \$25.00 per share, plus an amount equal to any accumulated and unpaid dividends to, but not including, the date of payment, before any distribution of assets is made to holders of our common stock or any other class or series of our capital stock we may issue that ranks junior to the Series A Preferred Stock as to liquidation rights.

In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Series A Preferred Stock and the corresponding amounts payable on all shares of other classes or series of our capital stock that we may issue ranking on a parity with the Series A Preferred Stock in the distribution of assets, then the holders of the Series A Preferred Stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

We will use commercially reasonable efforts to provide written notice of any such liquidation, dissolution or winding up no fewer than 10 days prior to the payment date. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series A Preferred Stock will have no right or claim to any of our remaining assets. The consolidation or merger of us with or into any other corporation, trust or entity or of any other entity with or into us, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, shall not be deemed a liquidation, dissolution or winding up of us (although such events may give rise to the special optional redemption to the extent described below).

Redemption

The Series A Preferred Stock is not redeemable by us prior to June 27, 2023, except as described below under “—*Special Optional Redemption*.”

Optional Redemption. On and after June 27, 2023, we may, at our option, upon not less than 30 nor more than 60 days’ written notice, redeem the Series A Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price equal to \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption.

Special Optional Redemption. Upon the occurrence of a Change of Control, we may, at our option, upon not less than 30 nor more than 60 days' written notice, redeem the Series A Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the redemption date.

A "Change of Control" is deemed to occur when the following have occurred and are continuing:

- the acquisition by any person, including any syndicate or group deemed to be a "person" under Section 13(d)(3) of the Exchange Act (other than Mr. Rouhana, the chairman of our board of directors, our chief executive officer and our principal stockholder, any member of his immediate family, and any "person" or "group" under Section 13(d)(3) of the Exchange Act, that is controlled by Mr. Rouhana or any member of his immediate family, any beneficiary of the estate of Mr. Rouhana, or any trust, partnership, corporate or other entity controlled by any of the foregoing), of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of our stock entitling that person to exercise more than 50% of the total voting power of all our stock entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and
- following the closing of any transaction referred to above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on the NYSE, the NYSE American, or Nasdaq, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE American, or Nasdaq.

Redemption Procedures. In the event we elect to redeem Series A Preferred Stock, the notice of redemption will be mailed to each holder of record of Series A Preferred Stock called for redemption at such holder's address as it appears on our stock transfer records, not less than 30 nor more than 60 days prior to the redemption date, and will state the following:

- the redemption date;
- the number of shares of Series A Preferred Stock to be redeemed;
- the redemption price;
- the place or places where certificates (if any) for the Series A Preferred Stock are to be surrendered for payment of the redemption price;
- that dividends on the shares to be redeemed will cease to accumulate on the redemption date;
- whether such redemption is being made pursuant to the provisions described above under "*—Optional Redemption*" or "*—Special Optional Redemption*"; and
- if applicable, that such redemption is being made in connection with a Change of Control and, in that case, a brief description of the transaction or transactions constituting such Change of Control.

If less than all of the Series A Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Series A Preferred Stock held by such holder to be redeemed. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the redemption of any shares of Series A Preferred Stock except as to the holder to whom notice was defective or not given.

Holders of Series A Preferred Stock to be redeemed shall surrender the Series A Preferred Stock at the place designated in the notice of redemption and shall be entitled to the redemption price and any accumulated and unpaid dividends payable upon the redemption following the surrender. If notice of redemption of any shares of Series A Preferred Stock has been given and if we have irrevocably set aside the funds necessary for redemption in trust for the benefit of the holders of the shares of Series A Preferred Stock so called for redemption, then from and after the redemption date (unless default shall be made by us in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any), dividends will cease to accrue on those shares of Series A Preferred Stock, those shares of Series A Preferred Stock shall no longer be deemed outstanding and all rights of the holders of those shares will terminate, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, payable upon redemption. If any redemption date is not a business day, then the redemption price and accumulated and unpaid dividends, if any, payable upon redemption may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day. If less than all of the outstanding Series A Preferred Stock is to be redeemed, the Series A Preferred Stock to be redeemed shall be selected pro rata (as nearly as may be practicable without creating fractional shares) or by any other equitable method we determine.

In connection with any redemption of Series A Preferred Stock, we shall pay, in cash, any accumulated and unpaid dividends to, but not including, the redemption date, unless a redemption date falls after a dividend record date and prior to the corresponding dividend payment date, in which case each holder of Series A Preferred Stock at the close of business on such dividend record date shall be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares before such dividend payment date. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on shares of the Series A Preferred Stock to be redeemed.

No shares of Series A Preferred Stock shall be redeemed unless full cumulative dividends on all shares of Series A Preferred Stock have been or contemporaneously are declared and paid and all outstanding shares of Series A Preferred Stock are simultaneously redeemed. We shall not otherwise purchase or acquire directly or indirectly any shares of Series A Preferred Stock (except by exchanging it for our capital stock ranking junior to the Series A Preferred Stock as to the payment of dividends and distribution of assets upon liquidation, dissolution or winding up); provided, however, that the foregoing shall not prevent the purchase or acquisition by us of shares of Series A Preferred Stock pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series A Preferred Stock.

Subject to applicable law, we may purchase shares of Series A Preferred Stock in the open market, by tender or by private agreement. Any shares of Series A Preferred Stock that we acquire may be retired and reclassified as authorized but unissued shares of preferred stock, without designation as to class or series, and may thereafter be reissued as any class or series of preferred stock.

Voting Rights

Holders of the Series A Preferred Stock do not have any voting rights, except as set forth below or as otherwise required by law.

On each matter on which holders of Series A Preferred Stock are entitled to vote, each share of Series A Preferred Stock will be entitled to one vote. In instances described below where holders of Series A Preferred Stock vote with holders of any other class or series of our preferred stock as a single class on any matter, the Series A Preferred Stock and the shares of each such other class or series will have one vote for each \$25.00 of liquidation preference (excluding accumulated dividends) represented by their respective shares.

Whenever dividends on any shares of Series A Preferred Stock are in arrears for eighteen or more monthly dividend periods, whether or not consecutive, the number of directors constituting our board of directors will be automatically increased by two (if not already increased by two by reason of the election of directors by the holders of any other class or series of our preferred stock we may issue upon which like voting rights have been conferred and are exercisable and with which the Series A Preferred Stock is entitled to vote as a class with respect to the election of those two directors) and the holders of Series A Preferred Stock (voting separately as a class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of those two directors) will be entitled to vote for the election of those two additional directors (the "preferred stock directors") at a special meeting called by us at the request of the holders of record of at least 25% of the outstanding shares of Series A Preferred Stock or by the holders of any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of those two preferred stock directors (unless the request is received less than 90 days before the date fixed for the next annual or special meeting of shareholders, in which case, such vote will be held at the earlier of the next annual or special meeting of shareholders), and at each subsequent annual meeting until all dividends accumulated on the Series A Preferred Stock for all past dividend periods and the then current dividend period have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment. In that case, the right of holders of the Series A Preferred Stock to elect any directors will cease and, unless there are other classes or series of our preferred stock upon which like voting rights have been conferred and are exercisable, any preferred stock directors elected by holders of the Series A Preferred Stock shall immediately resign and the number of directors constituting the board of directors shall be reduced accordingly. In no event shall the holders of Series A Preferred Stock be entitled under these voting rights to elect a preferred stock director that would cause us to fail to satisfy a requirement relating to director independence of any national securities exchange or quotation system on which any class or series of our capital stock is listed or quoted. For the avoidance of doubt, in no event shall the total number of preferred stock directors elected by holders of the Series A Preferred Stock (voting separately as a class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of such directors) under these voting rights exceed two. Any person nominated to serve as a director of our company under the foregoing terms shall be reasonably acceptable to our company.

If a special meeting is not called by us within 30 days after request from the holders of Series A Preferred Stock as described above, then the holders of record of at least 25% of the outstanding Series A Preferred Stock may designate a holder to call the meeting at our expense.

If, at any time when the voting rights conferred upon the Series A Preferred Stock are exercisable, any vacancy in the office of a preferred stock director shall occur, then such vacancy may be filled only by a written consent of the remaining preferred stock director, or if none remains in office, by vote of the holders of record of the outstanding Series A Preferred Stock and any other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of the preferred stock directors. Any preferred stock director elected or appointed may be removed only by the affirmative vote of holders of the outstanding Series A Preferred Stock and any other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable and which classes or series of preferred stock are entitled to vote as a class with the Series A Preferred Stock in the election of the preferred stock directors, such removal to be effected by the affirmative vote of a majority of the votes entitled to be cast by the holders of the outstanding Series A Preferred Stock and any such other classes or series of preferred stock, and may not be removed by the holders of the common stock.

So long as any shares of Series A Preferred Stock remain outstanding, we will not, without the affirmative vote or consent of the holders of at least 66.67% of the votes entitled to be cast by the holders of the Series A Preferred Stock outstanding at the time, given in person or by proxy, either in writing or at a meeting (voting together as a class with all other series of parity preferred stock that we may issue upon which like voting rights have been conferred and are exercisable), (a) authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking senior to the Series A Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any of our authorized capital stock into such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (b) unless redeeming all Series A Preferred Stock in connection with such action, amend, alter, repeal or replace our amended and restated certificate of incorporation, including by way of a merger, consolidation or otherwise in which we may or may not be the surviving entity, so as to materially and adversely affect and deprive holders of Series A Preferred Stock of any right, preference, privilege or voting power of the Series A Preferred Stock (each, an "Event"). An increase in the amount of the authorized preferred stock, including the Series A Preferred Stock, or the creation or issuance of any additional Series A Preferred Stock or other series of preferred stock that we may issue, or any increase in the amount of authorized shares of such series, in each case ranking on a parity with or junior to the Series A Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, shall not be deemed an Event and will not require us to obtain 66.67% of the votes entitled to be cast by the holders of the Series A Preferred Stock and all such other similarly affected series, outstanding at the time (voting together as a class).

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be affected, all outstanding shares of Series A Preferred Stock shall have been redeemed or called for redemption upon proper notice and sufficient funds shall have been deposited in trust to affect such redemption.

Except as expressly stated in the certificate of designations or as may be required by applicable law, the Series A Preferred Stock do not have any relative, participating, optional or other special voting rights or powers and the consent of the holders thereof shall not be required for the taking of any corporate action.

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series A Preferred Stock are outstanding, we will use our best efforts to (i) make available on our corporate investor webpage, copies of the Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any holders of Series A Preferred Stock. We will use our best effort to provide the information to the holders of the Series A Preferred Stock within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC, if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a "non-accelerated filer" within the meaning of the Exchange Act.

No Conversion Rights

The Series A Preferred Stock is not convertible into our common stock or any other security.

No Preemptive Rights

No holders of the Series A Preferred Stock will, as holders of Series A Preferred Stock, have any preemptive rights to purchase or subscribe for our common stock or any other security.

Book-Entry Procedures

DTC acts as securities depository for our outstanding Series A Preferred Stock. With respect to the Series A Preferred Stock offered hereunder, we will issue one or more fully registered global securities certificates in the name of DTC's nominee, Cede & Co. These certificates will represent the total aggregate number of shares of Series A Preferred Stock. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for the shares of Series A Preferred Stock that you purchase, unless DTC's services are discontinued as described below.

Title to book-entry interests in the Series A Preferred Stock will pass by book-entry registration of the transfer within the records of DTC in accordance with its procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC. Each person owning a beneficial interest in shares of the Series A Preferred Stock must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of the Series A Preferred Stock.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ("Direct Participants") deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, including the underwriters, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase shares of Series A Preferred Stock within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for the Series A Preferred Stock on DTC's records. You will be considered to be the "beneficial owner" of the Series A Preferred Stock. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts shares of Series A Preferred Stock are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased the Series A Preferred Stock should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of the holders, or an owner of a beneficial interest in a global security, such as you, desires to take any action that a holder is entitled to take under our amended and restated certificate of incorporation (including the certificate of designations designating the Series A Preferred Stock), DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Any redemption notices with respect to the Series A Preferred Stock will be sent to Cede & Co. If less than all of the outstanding shares of Series A Preferred Stock are being redeemed, DTC will reduce each Direct Participant's holdings of shares of Series A Preferred Stock in accordance with its procedures.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to the shares of Series A Preferred Stock. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts the shares of Series A Preferred Stock are credited to on the record date, which are identified in a listing attached to the omnibus proxy.

Dividends on the Series A Preferred Stock are made directly to DTC's nominee (or its successor, if applicable). DTC's practice is to credit participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of the participant and not of DTC, us or any agent of ours.

DTC may discontinue providing its services as securities depository with respect to the Series A Preferred Stock at any time by giving reasonable notice to us. Additionally, we may decide to discontinue the book-entry only system of transfers with respect to the Series A Preferred Stock. In that event, we will print and deliver certificates in fully registered form for the Series A Preferred Stock. If DTC notifies us that it is unwilling to continue as securities depository, or it is unable to continue or ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, we will issue the Series A Preferred Stock in definitive form, at our expense, upon registration of transfer of, or in exchange for, such global security.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Global Clearance and Settlement Procedures

Initial settlement for the Series A Preferred Stock will be made in immediately available funds. Secondary market trading among DTC's participants occurs in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

Credit Rating of Our Series A Preferred Stock

Egan-Jones has rated our Series A Preferred Stock as BBB(-). Egan-Jones Rating Co. is a Nationally Recognized Statistical Rating Organization ("NRSRO"). Such credit rating applies to up to a maximum issuance of \$40 million of shares of Series A Preferred Stock through April 2020. To date, we have issued approximately \$28.55 million of shares of Series A Preferred Stock, not including the shares offered hereby. Further, under the Crackle Contribution Agreement we have agreed to issue to CPEH up to 200,000 shares of Series A Preferred Stock as reimbursement for expenses in connection with the creation of the JV Entity and up to an aggregate of 1,600,000 shares of Series A preferred stock in the event that Crackle elects to exchange Crackle's membership interest in the joint venture in 12 to 18 months. We will seek a re-rating of our Series A Preferred Stock following consummation of the transactions contemplated by the Crackle Contribution Agreement, but there can be no assurance that an equal or higher rating or any rating will be obtained.

The Series A Preferred Stock has not been rated by any other NRSRO or other agency. A securities rating reflects only the view of a rating agency and is not a recommendation to buy, sell, or hold the Series A Preferred Stock. Any rating may be subject to revision upward or downward or withdrawal at any time by a rating agency if such rating agency decides that circumstances warrant that change. Each rating should be evaluated independently of any other rating. No report of any rating agency is being incorporated herein by reference.

The credit ratings assigned by Egan-Jones are based, in varying degrees, on the following considerations:

- Likelihood of payment-capacity and willingness of the obligor to meet its financial commitment on an obligation in accordance with the terms of the obligation;
- Nature of and provisions of the obligation; and
- Protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights.

Credit ratings assigned by Egan-Jones are expressed in terms of default risk. The rating scale utilized by Egan-Jones is as follows:

- **AAA** — An obligation rated "AAA" has the highest rating assigned by Egan-Jones. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

- **AA** — An obligation rated “AA” differs from the highest-rated obligations only to a small degree. The obligor’s capacity to meet its financial commitment on the obligation is very strong.
- **A** — An obligation rated “A” is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor’s capacity to meet its financial commitment on the obligation is still strong.
- **BBB** — An obligation rated “BBB” exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.
- **BB, B, CCC, CC, and C** — Obligations rated “BB”, “B”, “CCC”, “CC”, and “C” are regarded as having significant speculative characteristics. “BB” indicates the least degree of speculation and “C” the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions.
- **D** — An obligation rated “D” is in payment default. The “D” rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless Egan-Jones believes that such payments will be made during such grace period. The “D” rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized.
- **Plus (+) or minus (-)** — The ratings from “AA” to “CCC” may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion summarizes certain U.S. federal income tax considerations that may be applicable to “U.S. holders” and “non-U.S. holders” (each as defined below) with respect to the initial purchase, ownership and disposition of the Series A Preferred Stock offered by this prospectus supplement. This discussion only applies to purchasers who purchase and hold the Series A Preferred Stock as a capital asset within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the “Code”) (generally property held for investment). This discussion does not describe all of the tax consequences that may be relevant to each purchaser or holder of the Series A Preferred Stock in light of his, her, or its particular circumstances.

This discussion is based upon provisions of the Code, U.S. Treasury regulations, rulings and judicial decisions as of the date hereof. These authorities may change, perhaps retroactively, which could result in U.S. federal income tax consequences different from those summarized below. This discussion does not address all aspects of U.S. federal income taxation (such as the alternative minimum tax) and does not describe any foreign, state, local or other tax considerations that may be relevant to a purchaser or holder of the Series A Preferred Stock in light of their particular circumstances. In addition, this discussion does not describe the U.S. federal income tax consequences applicable to a purchaser or a holder of the Series A Preferred Stock who is subject to special treatment under U.S. federal income tax laws (including, a corporation that accumulates earnings to avoid U.S. federal income tax, a pass-through entity or an investor in a pass-through entity, a tax-exempt entity, pension or other employee benefit plans, financial institutions or brokerdealers, persons holding the Series A Preferred Stock as part of a hedging or conversion transaction or straddle, a person subject to the alternative minimum tax, an insurance company, former U.S. citizens or former long-term U.S. residents). We cannot assure you that a change in law will not significantly alter the tax considerations that we describe in this discussion.

If a partnership (or any other entity treated as a partnership for U.S. federal income tax purposes) holds the Series A Preferred Stock, the U.S. federal income tax treatment of a partner of that partnership generally will depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner of a partnership holding the Series A Preferred Stock, you should consult your tax advisors as to the particular U.S. federal income tax consequences of acquiring, holding and disposing of the Series A Preferred Stock.

You should consult your own tax advisor concerning the U.S. federal income tax consequences to you of acquiring, owning, and disposing of these securities, as well as any tax consequences arising under the laws of any state, local, foreign, or other tax jurisdiction and the possible effects of changes in U.S. federal or other tax laws.

U.S. Holders

Subject to the qualifications set forth above, the following discussion summarizes certain U.S. federal income tax considerations that may relate to the purchase, ownership and disposition of the Series A Preferred Stock by “U.S. holders.” You are a “U.S. holder” if you are a beneficial owner of Series A Preferred Stock and you are for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if it (i) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (ii) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

Distributions in General

If distributions are made with respect to the Series A Preferred Stock, such distributions will be treated as dividends to the extent of our current or accumulated earnings and profits as determined under the Code. Any portion of a distribution that exceeds such earnings and profits will first be applied to reduce a U.S. holder’s tax basis in the Series A Preferred Stock on a share-by-share basis, and the excess will be treated as gain from the disposition of the Series A Preferred Stock, the tax treatment of which is discussed below under “*Certain U.S. Federal Income Tax Considerations – U.S. Holders: Disposition of Series A Preferred Stock, Including Redemptions.*”

Under current law, dividends received by individual holders of the Series A Preferred Stock will be subject to a reduced maximum tax rate of 20% if such dividends are treated as “qualified dividend income” for U.S. federal income tax purposes. Individual shareholders should consult their own tax advisors regarding the implications of these rules in light of their particular circumstances.

Dividends received by corporate shareholders generally will be eligible for the dividends-received deduction. Each domestic corporate holder of the Series A Preferred Stock is urged to consult with its tax advisors with respect to the eligibility for and the amount of any dividends received deduction and the application of Code Section 1059 to any dividends it may receive on the Series A Preferred Stock.

Constructive Distributions on Series A Preferred Stock

A distribution by a corporation of its stock may be deemed made with respect to its preferred stock in certain circumstances, even when no distribution of cash or property occurs, and such a deemed distribution is treated as a distribution of property to which Section 301 of the Code applies. If a corporation issues preferred stock that may be redeemed at a price higher than its issue price, the excess (a “redemption premium”) is treated under certain circumstances as a constructive distribution (or series of constructive distributions) of additional preferred stock. The constructive distribution of property equal to the redemption premium would accrue without regard to the holder’s method of accounting for U.S. federal income tax purposes at a constant yield determined under principles similar to the determination of original issue discount (“OID”) pursuant to Treasury regulations under Sections 1271 through 1275 of the Code (the “OID Rules”). The constructive distributions of property would be treated for U.S. federal income tax purposes as actual distributions of the Series A Preferred Stock that would constitute a dividend, return of capital or capital gain to the holder of the stock in the same manner as cash distributions described under “*Certain U.S. Federal Income Tax Considerations - U.S. Holders: Distributions in General.*” The application of principles similar to those applicable to debt instruments with OID to a redemption premium for the Series A Preferred Stock is uncertain.

We have the right to call the Series A Preferred Stock for redemption on or after June 27, 2023 (the “call option”), and have the option to redeem the Series A Preferred Stock upon any Change of Control (the “contingent call option”). The stated redemption price of the Series A Preferred Stock upon any redemption pursuant to our call option or contingent call option is equal to \$25.00 per share, plus any accrued and unpaid dividends and is payable in cash.

If the redemption price of the Series A Preferred Stock exceeds the issue price of the Series A Preferred Stock upon any redemption pursuant to our call option or contingent call option, the excess will be treated as a redemption premium that may result in certain circumstances in a constructive distribution or series of constructive distributions to U.S. holders of additional Series A Preferred Stock. Assuming that the issue price of the Series A Preferred Stock is determined under principles similar to the OID Rules, the issue price for the Series A Preferred Stock should be the initial offering price to the public (excluding bond houses and brokers) at which a substantial amount of the Series A Preferred Stock is sold.

A redemption premium for the Series A Preferred Stock should not result in constructive distributions to U.S. holders of the Series A Preferred Stock if the redemption premium is less than a *de minimis* amount as determined under principles similar to the OID Rules. A redemption premium for the Series A Preferred Stock should be considered *de minimis* if such premium is less than 0.0025 of the Series A Preferred Stock’s liquidation value of \$25.00 at maturity, multiplied by the number of complete years to maturity. Because the determination under the OID Rules of a maturity date for the Series A Preferred Stock is unclear, the remainder of this discussion assumes that the Series A Preferred Stock is issued with a redemption premium greater than a *de minimis* amount.

The call option should not require constructive distributions of the redemption premium, if based on all of the facts and circumstances as of the issue date, a redemption pursuant to the call option is not more likely than not to occur. The Treasury regulations provide that an issuer’s right to redeem will not be treated as more likely than not to occur if: (i) the issuer and the holder of the stock are not related within the meaning of Section 267(b) or Section 707(b) of the Code (substituting “20%” for the phrase “50%”); (ii) there are no plans, arrangements, or agreements that effectively require or are intended to compel the issuer to redeem the stock; and (iii) exercise of the right to redeem would not reduce the yield on the stock determined using principles applicable to the determination of OID under the OID Rules. The fact that a redemption right is not within the safe harbor described in the preceding sentence does not mean that an issuer’s right to redeem is more likely than not to occur and the issuer’s right to redeem must still be tested under all the facts and circumstances to determine if it is more likely than not to occur. We do not believe that a redemption pursuant to the call option should be treated as more likely than not to occur under the foregoing test. Accordingly, no U.S. holder of the Series A Preferred Stock should be required to recognize constructive distributions of the redemption premium because of our call option.

Prospective holders of the Series A Preferred Stock should consult their own tax advisors regarding the potential implications of the constructive distribution rules.

Disposition of Series A Preferred Stock, Including Redemptions

Upon any sale, exchange, redemption (except as discussed below) or other disposition of the Series A Preferred Stock, a U.S. holder will recognize capital gain or loss equal to the difference between the amount realized by the U.S. holder and the U.S. holder's adjusted tax basis in the Series A Preferred Stock. Such capital gain or loss will be long-term capital gain or loss if the U.S. holder's holding period for the Series A Preferred Stock is longer than one year. A U.S. holder should consult its own tax advisors with respect to applicable tax rates and netting rules for capital gains and losses. Certain limitations exist on the deduction of capital losses by both corporate and non-corporate taxpayers.

A redemption of your Series A Preferred Stock for cash will be treated as a sale or exchange if it (1) results in a "complete termination" of your interest in our stock, (2) is not "essentially equivalent to a dividend" with respect to you, or (3) is "substantially disproportionate" with respect to you, each within the meaning of Section 302(b) of the Code. In determining whether any of these tests have been met, stock considered to be owned by you by reason of certain constructive ownership rules, as well as shares actually owned by you, must generally be taken into account. If you do not own (actually or constructively) any additional Series A Preferred Stock or our common stock, or own only an insubstantial percentage of our stock, and do not participate in our control or management, a redemption of your Series A Preferred Stock will generally qualify for sale or exchange treatment. Otherwise, the redemption may be taxable as a dividend to the extent of our current or accumulated earnings and profits as discussed above with respect to distributions generally. Because the determination as to whether any of the alternative tests of Section 302(b) of the Code will be satisfied with respect to any particular U.S. holder depends upon the facts and circumstances at the time that the determination must be made, prospective U.S. holders are advised to consult their own tax advisors regarding the tax treatment of a redemption. If a redemption of Series A Preferred Stock is treated as an exchange, it will be taxable as described in the preceding paragraph. If a redemption is treated as a distribution, the entire amount received will be treated as a distribution and will be taxable as described under the caption "*Distributions in General*" above.

Additional Medicare Contribution Tax

An additional tax of 3.8% generally will be imposed on the "net investment income" of U.S. holders who meet certain requirements and are individuals, estates or certain trusts. Among other items, "net investment income" generally includes gross income from dividends and net gain attributable to the disposition of certain property, such as shares of our Series A Preferred Stock. In the case of individuals, this tax will only apply to the lesser of (i) the individual's "net investment income" or (ii) the excess of such individual's modified adjusted gross income over \$200,000 (\$250,000 for married couples filing a joint return and surviving spouses, and \$125,000 for married individuals filing a separate return). U.S. holders should consult their tax advisors regarding the possible applicability of this additional tax in their particular circumstances.

Information Reporting and Backup Withholding

Information reporting and backup withholding may apply with respect to payments of dividends on the Series A Preferred Stock and to certain payments of proceeds on the sale or other disposition of the Series A Preferred Stock. Certain non-corporate U.S. holders may be subject to U.S. backup withholding (currently at a rate of 24%) on payments of dividends on the Series A Preferred Stock and certain payments of proceeds on the sale or other disposition of the Series A Preferred Stock unless the beneficial owner thereof furnishes the payor or its agent with a taxpayer identification number, certified under penalties of perjury, and certain other information, or otherwise establishes, in the manner prescribed by law, an exemption from backup withholding. U.S. backup withholding tax is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability, which may entitle the U.S. holder to a refund, provided the U.S. holder timely furnishes the required information to the Internal Revenue Service.

Non-U.S. Holders

Subject to the qualifications set forth above, the following discussion summarizes certain U.S. federal income tax consequences of the purchase, ownership and disposition of the Series A Preferred Stock by certain "Non-U.S. holders." You are a "Non-U.S. holder" if you are a beneficial owner of the Series A Preferred Stock and you are not a "U.S. holder."

Distributions on the Series A Preferred Stock

If distributions are made with respect to the Series A Preferred Stock, such distributions will be treated as dividends to the extent of our current and accumulated earnings and profits as determined under the Code and may be subject to withholding as discussed below. Any portion of a distribution that exceeds our current and accumulated earnings and profits will first be applied to reduce the Non-U.S. holder's basis in the Series A Preferred Stock and, to the extent such portion exceeds the Non-U.S. holder's basis, the excess will be treated as gain from the disposition of the Series A Preferred Stock, the tax treatment of which is discussed below under "*Certain U.S. Federal Income Tax Considerations — Non-U.S. Holders: Disposition of Series A Preferred Stock, Including Redemptions.*" In addition, if we are a U.S. real property holding corporation, *i.e.* a "USRPHC," and any distribution exceeds our current and accumulated earnings and profits, we will need to choose to satisfy our withholding requirements either by treating the entire distribution as a dividend, subject to the withholding rules in the following paragraph (and withhold at a minimum rate of 30% or such lower rate as may be specified by an applicable income tax treaty for distributions from a USRPHC), or by treating only the amount of the distribution equal to our reasonable estimate of our current and accumulated earnings and profits as a dividend, subject to the withholding rules in the following paragraph, with the excess portion of the distribution subject to withholding at a rate of 15% or such lower rate as may be specified by an applicable income tax treaty as if such excess were the result of a sale of shares in a USRPHC (discussed below under "*Certain U.S. Federal Income Tax Considerations — Non-U.S. Holders: Disposition of Series A Preferred Stock, Including Redemptions*"), with a credit generally allowed against the Non-U.S. holder's U.S. federal income tax liability in an amount equal to the amount withheld from such excess.

Dividends paid to a Non-U.S. holder of the Series A Preferred Stock will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. However, dividends that are effectively connected with the conduct of a trade or business by the Non-U.S. holder within the United States (and, where a tax treaty applies, are attributable to a permanent establishment maintained by the Non-U.S. holder in the United States) are not subject to the withholding tax, provided that certain certification and disclosure requirements are satisfied including completing Internal Revenue Service Form W-8ECI (or other applicable form). Instead, such dividends are subject to U.S. federal income tax on a net income basis in the same manner as if the Non-U.S. holder were a United States person as defined under the Code, unless an applicable income tax treaty provides otherwise. Any such effectively connected dividends received by a foreign corporation may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. A Non-U.S. holder of the Series A Preferred Stock who wishes to claim the benefit of an applicable treaty rate and avoid backup withholding, as discussed below, for dividends will be required to (i) complete Internal Revenue Service Form W-8BEN or Form W-8BEN-E (or other applicable form) and certify under penalty of perjury that such holder is not a United States person as defined under the Code and is eligible for treaty benefits, or (ii) if the Series A Preferred Stock is held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable Treasury regulations. A Non-U.S. holder of the Series A Preferred Stock eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the Internal Revenue Service.

Disposition of Series A Preferred Stock, Including Redemptions

Any gain realized by a Non-U.S. holder on the disposition of the Series A Preferred Stock will not be subject to U.S. federal income or withholding tax unless:

- the gain is effectively connected with a trade or business of the Non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the Non-U.S. holder in the United States);
- the Non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition, and certain other conditions are met; or
- we are or have been a USRPHC for U.S. federal income tax purposes, as such term is defined in Section 897(c) of the Code, and such Non-U.S. holder owned directly or pursuant to attribution rules at any time during the five-year period ending on the date of disposition more than 5% of the Series A Preferred Stock. This assumes that the Series A Preferred Stock is regularly traded on an established securities market, within the meaning of Section 897(c)(3) of the Code.

A Non-U.S. holder described in the first bullet point immediately above will generally be subject to tax on the net gain derived from the sale under regular U.S. federal income tax rates in the same manner as if the Non-U.S. holder were a United States person as defined under the Code, and if it is a corporation, may also be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits or at such lower rate as may be specified by an applicable income tax treaty. An individual Non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax (or at such reduced rate as may be provided by an applicable treaty) on the gain derived from the sale, which may be offset by U.S. source capital losses, even though the individual is not considered a resident of the United States. A Non-U.S. holder described in the third bullet point above will be subject to U.S. federal income tax under regular U.S. federal income tax rates with respect to the gain recognized in the same manner as if the Non-U.S. holder were a United States person as defined under the Code. If a Non-U.S. holder is subject to U.S. federal income tax on any sale, exchange, redemption (except as discussed below), or other disposition of the Series A Preferred Stock, such a Non-U.S. holder will recognize capital gain or loss equal to the difference between the amount realized by the Non-U.S. holder and the Non-U.S. holder’s adjusted tax basis in the Series A Preferred Stock. Such capital gain or loss will be long-term capital gain or loss if the Non-U.S. holder’s holding period for the Series A Preferred Stock is longer than one year. A Non-U.S. holder should consult its own tax advisors with respect to applicable tax rates and netting rules for capital gains and losses. Certain limitations exist on the deduction of capital losses by both corporate and non-corporate taxpayers. The receipt of any redemption proceeds attributable to any accrued but unpaid dividends on the Series A Preferred Stock generally will be subject to the rules discussed above in “*Certain U.S. Federal Income Tax Considerations — Non-U.S. Holders: Distributions on the Series A Preferred Stock.*” A payment made in redemption of the Series A Preferred Stock may be treated as a dividend, rather than as payment in exchange for the Series A Preferred Stock, in the same circumstances discussed above under “*Certain U.S. Federal Income Tax Considerations — U.S. Holders: Disposition of Series A Preferred Stock, Including Redemptions.*” Each Non-U.S. holder of the Series A Preferred Stock should consult its own tax advisors to determine whether a payment made in redemption of the Series A Preferred Stock will be treated as a dividend or as payment in exchange for the Series A Preferred Stock.

Information reporting and backup withholding

We must report annually to the Internal Revenue Service and to each Non-U.S. holder the amount of dividends paid to such Non-U.S. holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the Non-U.S. holder resides under the provisions of an applicable income tax treaty. A Non-U.S. holder will not be subject to backup withholding on dividends paid to such Non-U.S. holder as long as such Non-U.S. holder certifies under penalty of perjury that it is a Non-U.S. holder (and the payor does not have actual knowledge or reason to know that such Non-U.S. holder is a United States person as defined under the Code), or such Non-U.S. holder otherwise establishes an exemption. Depending on the circumstances, information reporting and backup withholding may apply to the proceeds received from a sale or other disposition of the Series A Preferred Stock unless the beneficial owner certifies under penalty of perjury that it is a Non-U.S. holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code), or such owner otherwise establishes an exemption. U.S. backup withholding tax is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a Non-U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the Internal Revenue Service.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code (provisions which are commonly referred to as "FATCA"), generally impose a 30% withholding tax on dividends on Series A Preferred Stock paid on or after July 1, 2014, and the gross proceeds of a sale or other disposition of Series A Preferred Stock paid on or after January 1, 2019, to: (i) a foreign financial institution (as that term is defined in Section 1471(d)(4) of the Code) unless that foreign financial institution enters into an agreement with the U.S. Treasury Department to collect and disclose information regarding U.S. account holders of that foreign financial institution (including certain account holders that are foreign entities that have U.S. owners) and satisfies other requirements; and (ii) specified other foreign entities unless such an entity certifies that it does not have any substantial U.S. owners or provides the name, address and taxpayer identification number of each substantial U.S. owner and such entity satisfies other specified requirements. Non-U.S. holders should consult their own tax advisors regarding the application of FATCA to them and whether it may be relevant to their purchase, ownership and disposition of Series A Preferred Stock.

UNDERWRITING

We are offering shares of our Series A Preferred Stock as described in this prospectus supplement through the underwriters named below. The Benchmark Company, LLC and HCFP/Capital Markets LLC are acting as the representatives of the underwriters. We have entered into an underwriting agreement with the underwriters. Subject to the terms and conditions of the underwriting agreement, the underwriters have agreed to purchase, and we have agreed to sell to the underwriters, the number of shares of Series A Preferred Stock listed next to each of its name in the following table:

Underwriter	Number of Shares
The Benchmark Company, LLC	123,700
HCFP/Capital Markets LLC	15,000
Total	138,700

The underwriting agreement provides that the underwriters must buy all of the shares of our Series A Preferred Stock offered hereby if they buy any of them. Our shares of Series A Preferred Stock, however, are offered subject to a number of conditions, including:

- receipt and acceptance of our shares by the underwriters; and
- the underwriters' right to reject orders in whole or in part.

In connection with this offering, the underwriters or securities dealers may distribute prospectuses electronically.

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus, to purchase up to 20,805 additional shares of Series A Preferred Stock at the public offering price listed on the cover page of this prospectus, less underwriting discounts and commissions. To the extent the option is exercised, each underwriter will become obligated, subject to certain conditions, to purchase about the same percentage of the additional Series A Preferred Stock as the number listed next to the underwriter's name in the preceding table bears to the total number of Series A Preferred Stock listed next to the names of all underwriters in the preceding table.

We expect that delivery of the Series A Preferred Stock will be made against payment therefor on or about April 22, 2019, which will be the second business day following the trade date of the Series A Preferred Stock (such settlement cycle being herein referred to as "T + 2"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Series A Preferred Stock on the date of pricing or the next business day will be required, by virtue of the fact that the Series A Preferred Stock initially will settle T + 2, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Series A Preferred Stock who wish to trade the Series A Preferred Stock on the date of pricing of the Series A Preferred Stock or the next business day should consult their own advisor.

Underwriting Discount

Shares sold by the underwriters to the public will initially be offered at the price set forth on the cover of this prospectus. Any shares sold by the underwriters to securities dealers may be sold at a discount of up to \$0.90 per share from the public offering price and the dealers may reallow a concession not in excess of \$0.45 per share to other dealers. Sales of shares made outside of the United States may be made by affiliates of the underwriters. If all the shares are not sold at the initial public offering price, the co-representatives may change the offering price and the other selling terms. Upon execution of the underwriting agreement, the underwriters will be obligated to purchase the shares at the prices and upon the terms stated therein.

The following table shows the per-share and total underwriting discount we will pay to the underwriters assuming both no exercise and full exercise of the underwriters' option to purchase up to 20,805 additional shares. We shall also pay the 1% nonaccountable expense allowance with respect to the shares purchased under the option.

	No Exercise	Full Exercise
Per Share	\$ 1.50	\$ 1.50
Total	\$ 208,050	\$ 239,258

We have paid HCFP/Capital Markets LLC a \$60,000 financial advisory fee and have agreed to pay the representatives a nonaccountable expense allowance in the amount of 1% of the gross proceeds of this offering. In addition, we have agreed to pay the FINRA filing fees and certain other expenses related to this offering. Assuming no exercise of the over-allotment option, we estimate that the total expenses of the offering payable by us, including the financial advisory fee, the underwriting discounts and commissions, the 1% non-accountable expense allowance, the FINRA filing fees and other expenses, will be approximately \$392,725.

Indemnification

We have agreed to indemnify the underwriter against certain liabilities, including certain liabilities under the Securities Act. If we are unable to provide this indemnification, we have agreed to contribute to payments the underwriter may be required to make in respect of those liabilities.

Price Stabilization; Short Positions and Penalty Bids

In order to facilitate the offering of the Series A Preferred Stock, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Series A Preferred Stock. Specifically, the underwriters may sell more shares than they are obligated to purchase under the underwriting agreement, creating a short position. A short sale is covered if the short position is no greater than the number of shares available for purchase by the underwriters under the over-allotment option to purchase additional shares. The underwriters can close out a covered short sale by exercising the over-allotment option or purchasing shares in the open market. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under the option. The underwriters may also sell shares in excess of the option, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Series A Preferred Stock in the open market after pricing that could adversely affect investors who purchase in this offering. The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the representative a portion of the underwriting discount received by it because the representative has repurchased shares sold by or for the account of that underwriter in stabilizing or short covering transactions. These stabilizing transactions, short sales, purchases to cover positions created by short sales, the imposition of penalty bids and syndicate covering transactions may have the effect of raising or maintaining the market price of our Series A Preferred Stock or preventing or retarding a decline in the price of our Series A Preferred Stock. As a result of these activities, the price thereof may be higher than otherwise might exist in the open market. Neither we nor the underwriters make any representation that the underwriters will engage in these transactions, or make any representation with respect to the effect of any such transactions. As an additional means of facilitating this offering, the underwriters may bid for, and purchase, Series A Preferred Stock in the open market to stabilize the price of the Series A Preferred Stock. These activities may raise or maintain the market price of the Series A Preferred Stock above independent market levels or prevent or retard a decline in the market price of the Series A Preferred Stock. The underwriters are not required to engage in these activities and may end any of these activities at any time.

Affiliations

The underwriters and their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of us. The underwriters and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of these securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in these securities and instruments.

Additional Future Arrangements

Other than as described above, we are not under any contractual obligation to engage any of the underwriters to provide any services for us after this offering, and have no present intent to do so. However, the underwriters may introduce us to potential target businesses or assist us in raising additional capital in the future. If any of the underwriters provide services to us after this offering, we may pay such underwriter fair and reasonable fees that would be determined at that time in an arm's length negotiation; provided that no agreement will be entered into with any underwriter and no fees for such services will be paid to any underwriter prior to the date that is 90 days from the date of this prospectus, unless FINRA determines that such payment would not be deemed underwriter's compensation in connection with this offering.

Electronic Distribution

A prospectus in electronic format may be made available on the Internet sites or through other online services maintained by the underwriters participating in this offering, or by their affiliates. In those cases, prospective investors may view offering terms online and, depending upon the particular underwriter, prospective investors may be allowed to place orders online. The underwriters may agree with us to allocate a specific number of shares of Series A Preferred Stock for sale to online brokerage account holders. Any such allocation for online distributions will be made by the underwriters on the same basis as other allocations. Other than the prospectus in electronic format, the information on any underwriter's website and any information contained in any other website maintained by an underwriter is not part of the prospectus or the registration statement of which this prospectus forms a part, has not been approved and/or endorsed by us or any underwriter in its capacity as underwriter and should not be relied upon by investors.

Overview

CSSE is a growing media company building online video on-demand (“VOD”) networks that provide positive and entertaining video content for all screens. We also curate, produce and distribute long and short-form video content that brings out the best of the human spirit, and distribute the online content of our affiliate, A Plus. We are aggressively growing our business through a combination of organic growth, licensing and distribution arrangements, acquisitions and strategic relationships. We are also expanding our partnerships with sponsors, television networks and independent producers. Our subsidiary, Screen Media, is a leading global independent television and film distribution company, which owns one of the largest independently owned television and film libraries. We also own Popcornflix[®], a popular online advertiser-supported VOD (“AVOD”) network, Pivotshare, a subscription-based VOD, and four additional AVOD networks, which collectively have rights to exhibit tens of thousands of hours of movies and television episodes.

We have an exclusive, perpetual and worldwide license agreement (“CSS License Agreement”) with our intermediate parent, CSS, a publishing and consumer products company, to create and distribute video content under the *Chicken Soup for the Soul*[®] brand (the “Brand”).

We operate in three areas:

- **Online Networks.** In this segment, we distribute and exhibit video on-demand content directly to consumers across all media platforms, such as smartphones, tablets, gaming consoles and the web through our Popcornflix[®], A Plus and Pivotshare networks. Popcornflix[®] had 15 million active users in 2017.
- **Television and Film Distribution.** In this segment, we distribute movies and television series worldwide to consumer through license agreements across all media, including theatrical, home video, pay-per-view, free, cable and pay television, VOD and new digital media platforms worldwide. We own the copyright or long-term distribution rights to more than 1,200 television series and feature films.
- **Television and Short-Form Video Production.** In this segment, we partner with highly regarded independent producers to develop and produce our video content, including Brand-related content.

Since our inception in January 2015, our business has grown rapidly. For the full year 2017, our audited net revenue was \$10.7 million, as compared to 2016 audited net revenue for the full year of \$8.1 million. For the six months ended June 30, 2018, our net revenue was \$8.7 million, as compared to net revenue for the six months ended June 30, 2017 of \$2.2 million. These increases were primarily due to the acquisition of Screen Media in November 2017. We had audited net income of \$22.8 million for the full year 2017, as compared to a full year audited net income of \$0.8 million in 2016. The full year 2017 included a gain on bargain purchase of \$24.3 million and acquisition-related expenses of \$2.2 million relating to the acquisition of Screen Media, as discussed in the 2017 10-K under the section entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations—Recent Developments—Acquisition of Screen Media.*”

For the six months ended June 30, 2018, our net loss was \$2.0 million, as compared to a net loss for the six months ended June 30, 2017 of \$0.8 million.

Our 2017 unaudited Adjusted EBITDA was \$4.0 million for the full year, as compared to full year 2016 unaudited Adjusted EBITDA of \$3.8 million. For the six months ended June 30, 2018, our unaudited Adjusted EBITDA was \$2.1 million, as compared to unaudited Adjusted EBITDA for the six months ended June 30, 2017 of \$0.9 million.

To date we have reported the vast majority of our revenue and net income in the fourth quarter of each year. We have begun to sign some sponsorship contracts for 2018 and subsequent years, and are beginning production of some series, earlier in the year than in recent years. This has resulted in more balanced revenue across the third quarter of 2018, and should continue to result in more balanced revenue across the fourth quarter of 2018 and subsequent years. Additionally, revenue from both our online networks and television and film distribution business areas are more evenly spaced through the year, which should result in more balanced revenue, net income and Adjusted EBITDA going forward across all quarters of each year. While the operating results in these areas are expected to be more evenly distributed over fiscal quarters, the fourth quarter is generally the strongest quarter and the second quarter is generally the weakest quarter.

Business Strategy

Our vision is to use our solid core of traditional media production and distribution assets to build a powerful portfolio of online VOD networks and assets. Our production and distribution businesses generate current revenue and Adjusted EBITDA to fund our rapidly growing online networks. We will build and acquire assets such as content libraries, digital publishers with content related to our own, and stand-alone VOD networks.

One of our fundamental objectives is to continue to grow our VOD networks to create a “network of networks” as we continue to grow our content offerings to critical mass. Our strategy is to build our library of video content through a combination of Chicken Soup for the Soul original video content and opportunistic acquisitions of third-party video content libraries, such as our transformative acquisition of Screen Media, or other rights to video content as distressed networks seek to monetize their content libraries. We now own exhibition or distribution rights to over 34,000 hours of programming across our various platforms.

Online Networks

Our acquisition of Screen Media accelerated our entry into the direct-to-consumer VOD market through Popcornflix[®]. Popcornflix[®] has an extensive footprint with apps that have been downloaded by more than 25 million smartphones and other devices using iOS, Android and other operating systems. Popcornflix[®] had 15 million active users in 2018.

Popcornflix[®] is one of the largest AVOD services. Under the Popcornflix[®] brand, we operate a series of direct-to consumer advertising supported channels. On Popcornflix[®], we have the rights to exhibit more than 3,000 films and approximately 60 television series comprised of approximately 1,500 episodes, with new content added regularly. As a “free-to-consumer” digital streaming channel, Popcornflix[®] is an extremely popular online video platform that can be found on the web, iPhones and iPads, Android products, Roku, Xbox, Amazon Fire, Apple TV, Chromecast and Samsung and Panasonic Internet-connected televisions, among others. Popcornflix[®] is currently available in 56 countries and territories, including the United States, United Kingdom, Canada, Australia, the Scandinavian countries, Germany, France, Hong Kong and Singapore, with additional countries and territories to be added.

While Popcornflix[®] is currently an advertiser-supported VOD network, we expect to expand in subscription-based VOD networks.

Our entry into subscription-based VOD was recently initiated by our acquisition of the Pivotshare VOD network in August 2018. Pivotshare is comprised of a series of subscription-based VOD channels with 28,000 hours of programming. The network generates approximately \$2.5 million in gross billings and has approximately 25,000 paid subscriptions with average monthly billings of \$9 per subscription.

In addition to Popcornflix[®] and Pivotshare, we derive online networks revenue from our exclusive distribution relationship with A Plus, our affiliate, which develops and distributes high-quality, empathetic short-form videos and articles to millions of people worldwide. Our distribution relationship with A Plus allows us to accelerate the growth of our video library by providing us with content developed and distributed by A Plus that is complementary to the Brand.

Television and Film Distribution

We distribute television series and films worldwide through Screen Media. We own the copyright or long-term distribution rights to approximately 3,500 hours of television series and feature films, representing one of the largest independently owned libraries of filmed entertainment in the world. We distribute our television series and films through direct relationships across all media, including theatrical, home video, pay-per-view, free, cable and pay television, VOD and emerging digital media platforms worldwide.

Screen Media's distribution capabilities across all media will allow us to distribute our produced television series directly and eliminate the distribution fees (as much as 30% of revenue) that we currently pay to third parties for distribution of the rights we retain when we produce series with our sponsors. We believe that the cost savings from Screen Media's distribution capabilities will enhance our revenue and profits from our produced television series.

The Company has distribution licensing agreements with numerous VOD services across all major platforms, such as cable and satellite VOD and Internet VOD, which includes TVOD for rentals or purchases of films, AVOD for free-to-viewer streaming of films supported by advertisements and SVOD for unlimited access to films for a monthly fee.

Our cable and satellite VOD distribution agreements include those with DirecTV, Cablevision (Altice USA), Verizon and In Demand (owned by Comcast, Charter and Time Warner Cable). Our Internet VOD distribution agreements include those with Amazon, iTunes, Samsung, YouTube, Hulu, Xbox, Netflix, Sony and Vudu, among others.

We are rapidly expanding international distribution of our content through agreements with iTunes, Sony PlayStation and Xbox, among others. Under these agreements, our titles are available on iTunes, Sony PlayStation and Xbox in the United Kingdom, Australia, France, Germany, Italy and Hong Kong, with additional territories added regularly.

Television and Short-Form Video Production

We utilize the *Chicken Soup for the Soul* brand, together with our management's industry experience and expertise, to generate revenue through the production and distribution of video content. The Company partners with sponsors and uses highly-regarded independent producers to develop and produce video content. Using this approach provides us with access to a diverse pool of creative ideas for new video content projects and allows us to scale our business on a variable cost basis. We currently have producer agreements or arrangements in place with a number of these producers, including Litton Entertainment (a Hearst company). We anticipate entering into relationships with additional independent producers.

We seek committed funding from corporate and foundation sponsors covering more than the production costs prior to moving forward with a project. Since we seek to secure both the committed funding and production capabilities for our video content prior to moving forward with a project, we have high visibility into the profitability of a particular project before committing to proceed with such project. In addition, we take limited financial risk on developing our projects.

Corporate and foundation sponsors with which we work include HomeAway, Hilton Grand Vacations, American Humane, BISSELL Homecare, Inc., the Boniuk Foundation, Michelson Found Animals Foundation and the Morgridge Family Foundation, and we are currently in discussions with numerous others. We endeavor to retain meaningful back-end rights to our video content in these relationships, which provides opportunities for improved profitability and enhances our library value.

Our long-form video content consists of 30- to 60-minute episodic programs typically distributed initially on traditional television or cable networks. Our current long-form video content projects include:

- ***Chicken Soup for the Soul's Hidden Heroes ("Hidden Heroes")***. The multi-award winning *Hidden Heroes* is hosted by Brooke Burke and is currently airing its third season on The CW Network. A segment of *Hidden Heroes* can be seen at <https://cssentertainment.com/hiddenheroes>.
- ***Being Dad, a Chicken Soup for the Soul Original Series ("Being Dad")***. This series is an intimate, revealing and entertaining portrait of nine men who are tackling one of the most important roles in the world: fatherhood. The episodes are about the lives of dads who are facing challenges that are simultaneously unique and universal. For example, a farmer teaches his teenage daughter to drive; a single dad re-enters the dating scene; a touring rock musician takes his family with him on the road; an over-protective dad struggles with his autistic daughter's growing independence; and gay dads deal with the emotional complexities of adoption. The fathers are different ages, races, and religions, but they are all bound by the singular belief that raising their children is life's greatest gift.
- ***Vacation Rental Potential***. This new television show gives viewers the information and inspiration needed to realize their dreams of using real estate entrepreneurship to obtain financial success. Hosted by Holly Baker, *Vacation Rental Potential* offers people insight on how to make the dream of vacation homeownership possible. The show premiered on A&E Network in December 2017. In April 2018, *Vacation Rental Potential* was renewed for a second season by HomeAway.

Our short-form video content, including our branded short-form video content known as *Sips*, is receiving increased focus from our advertisers and sponsors. Such short-form video content is typically exhibited through online video content distribution and social media platforms, such as YouTube, Facebook, Yahoo, Dibly, Gateway Media, SheKnows, Rumble and Liquid Social among others, as well as on the social media channels of *Chicken Soup for the Soul* and our sponsors. A Plus is adding more short-form video content, and we are focusing on acquisitions in this space. Increasing revenue from short-form video will make our business less lumpy and assist in reducing the relative size of fourth quarter revenue compared to other quarters.

Competition

Video content production and distribution direct to consumers are highly competitive businesses. We face competition from companies within the entertainment business and from alternative forms of leisure entertainment, such as travel, sporting events, outdoor recreation, video games, the internet and other cultural and computer-related activities. We compete with the major studios, numerous independent motion picture and television production companies, television networks, pay television systems and online media platforms for the services of performing artists, producers and other creative and technical personnel, and production financing, all of which are essential to the success of our businesses.

In addition, our video content competes for media outlet and audience acceptance with video content produced and distributed by other companies. As a result, the success of any of our video content is dependent not only on the quality and acceptance of a particular production, but also on the quality and acceptance of other competing video content available in the marketplace at or near the same time.

Given such competition, and our stage of development, we intend to initially emphasize a lower cost structure, risk mitigation, reliance on financial partnerships and innovative financial strategies. Our cost structures are designed to utilize our flexibility and agility as well as the entrepreneurial spirit of our employees, partners and affiliates, in order to provide creative, desirable video content.

Intellectual Property

Under the CSS License Agreement, we have been granted the perpetual, exclusive, worldwide license by CSS to produce and distribute video content using the Brand and related content, such as stories published in the *Chicken Soup for the Soul* books. *Chicken Soup for the Soul* and related names are trademarks owned by CSS. We have the proprietary rights (including copyrights) in all our *Sips* and company-produced content. With the acquisition of Screen Media, the Company now owns copyrights or global long-term distribution rights to Screen Media film library as well as ownership of Screen Media's AVOD application Popcornflix®.

We rely on a combination of confidentiality procedures, contractual provisions and other similar measures to protect our proprietary information and intellectual property rights.

Employees

As of June 30, 2018, we had 31 direct employees. The services of certain personnel, including our chairman and chief executive officer, vice chairman and chief strategy officer, our senior brand advisor, and chief financial officer, are provided to us under the CSS Management Agreement and are not included as direct employees of the Company. We also utilize many consultants in the ordinary course of our business and hire additional personnel on a project-by-project basis. We believe that our employee and labor relations are good, and we are committed to inclusion and strict policies and procedures to maintain a safe work environment.

Corporate Information

We are a Delaware corporation formed on May 4, 2016. CSS Productions, our predecessor and immediate parent company, was formed in December 2014 by CSS, and initiated operations in January 2015. We were formed to create a discrete entity focused on video content opportunities using the Brand. In May 2016, pursuant to the terms of the contribution agreement among CSS, CSS Productions and the Company (the "CSS Contribution Agreement"), all video content assets (the "Subject Assets") owned by CSS, CSS Productions and their CSS subsidiaries were transferred to the Company in consideration for its issuance to CSS Productions of 8,600,568 shares of the Company's Class B common stock. Since the date of the CSS Contribution Agreement, CSS Productions has transferred certain of these shares of Class B common stock to third parties and certain of these shares of Class B Common Stock have been converted into Class A Common Stock at the election of the holders thereof. Concurrently with the consummation of the CSS Contribution Agreement, certain rights to receive payments under certain agreements comprising part of the Subject Assets owned by Trema, LLC ("Trema"), a company principally owned and controlled by William J. Rouhana, Jr., the Company's chairman and chief executive officer, were assigned to the Company under a contribution agreement (the "Trema Contribution Agreement") in consideration for the Company's issuance to Trema of 159,432 shares of our Class B common stock. Thereafter, CSS Productions' operating activities ceased, and the Company continued the business operations of producing and distributing the video content.

Implications of Being an Emerging Growth Company

We are an “emerging growth company,” as defined in the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). As long as we are an emerging growth company, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies. These include, but are not limited to:

- Not being required to comply with the auditor attestation requirements in the assessment of our internal control over financial reporting;
- Not being required to comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditors’ report providing additional information about the audit and the financial statements;
- Reduced disclosure obligations regarding executive compensation; and
- Exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

We may remain an “emerging growth company” until as late as December 31, 2022, the fiscal year-end following the fifth anniversary of the completion of our initial public offering, though we may cease to be an emerging growth company earlier under certain circumstances, including if (a) we have more than \$1 billion in annual gross revenue in any fiscal year, (b) the market value of our common stock that is held by non-affiliates exceeds \$700 million as of any June 30 or (c) we issue more than \$1 billion of non-convertible debt over a three-year period.

Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business and results of operations. If any of these risks actually occur, our business, financial condition or results of operations could be seriously harmed. In that event, the market price for our common stock could decline and you may lose all or part of your investment.

Merger or Consolidation

In the case of any distribution or payment in respect of the shares of Class A common stock or Class B common stock upon our consolidation or merger with or into any other entity, or in the case of any other transaction having an effect on stockholders substantially similar to that resulting from a consolidation or merger, such distribution or payment shall be made ratably on a per share basis among the holders of the Class A common stock and Class B common stock as a single class, *provided, however*, that shares of one such class may receive different or disproportionate distributions or payments in connection with such merger, consolidation or other transaction if (i) the only difference in the per share distribution to the holders of the Class A common stock and Class B common stock is that any securities distributed to the holder of a share Class B common stock have ten times the voting power of any securities distributed to the holder of a share of Class A common stock, or (ii) such merger, consolidation or other transaction is approved by the affirmative vote (or written consent if action by written consent of stockholders is permitted at such time under our Certificate of Incorporation) of the holders of a majority of the outstanding shares of Class A common stock and Class B common stock, each voting separately as a class.

As of the date of this prospectus, we have outstanding Class Z warrants to purchase an aggregate of 180,618 shares of Class A common stock.

Cancellation

We may call for cancellation of all or any portion of the Class W warrants or Class Z warrants for which a notice of exercise has not yet been delivered to us for consideration equal to \$.01 per Class W warrant or Class Z warrant, as the case may be, in accordance with the provisions of such warrants, if (i) our Class A common stock is traded, listed or quoted on any U.S. market or electronic exchange, and (ii) the closing per-share sales price of the Class A common stock for any twenty (20) trading days during a consecutive thirty (30) trading days period exceeds \$15.00, for Class W warrants, or \$18.00, for Class Z warrants, in each case subject to adjustment for forward and reverse stock splits, recapitalizations, stock dividends and the like.

The right to exercise will be forfeited unless the warrants are exercised prior to the date specified in the call notice. On and after the call date, a record holder of a warrant will have no further rights except to receive the call price for such holder's warrant upon surrender of such warrant.

The criteria for calling our warrants have been established at a price which is intended to provide warrant holders a reasonable premium to the initial exercise price and provide a sufficient differential between the then-prevailing share price and the warrant exercise price so that if the share price declines as a result of our call, the call will not cause the share price to drop below the exercise price of the warrants.

Exercise Rights

Holders of the Class W warrants and Class Z warrants have cashless exercise rights that allow each holder to pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" by (y) the fair market value. The "fair market value" for this purpose will mean the average reported last sale price of the shares of common stock for the ten trading days ending on the trading day prior to the date of exercise.

The exercise price and number of shares of Class A common stock issuable on exercise of the warrants may be adjusted in certain circumstances including in the event of a share dividend, extraordinary dividend or our recapitalization, reorganization, merger or consolidation. However, neither the Class W warrants nor the Class Z warrants will be adjusted for issuances of shares of any equity or equity-based securities at a price below their respective exercise prices.

The Class W warrants and Class Z warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price, by certified or official bank check or wire transfer payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of shares of common stock and any voting rights until they exercise their warrants and receive shares of Class A common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the Class W warrants or Class Z warrants. If, upon exercise, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round up to the nearest whole number the number of shares of Class A common stock to be issued to the warrant holder.

Preferred Stock

Our board of directors is authorized, subject to limitations prescribed by Delaware law, to issue preferred stock in one or more series, to establish from time to time the number of shares to be included in each series, and to fix the designation, powers, preferences and rights of the shares of each series and any of its qualifications, limitations or restrictions, in each case without further vote or action by our stockholders. Our board of directors can also increase (but not above the total number of authorized shares of the class) or decrease (but not below the number of shares then outstanding) the number of shares of any series of preferred stock, without any further vote or action by our stockholders. Our board of directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock or other series of preferred stock. The issuance of preferred stock, while providing flexibility in connection with possible financings, acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change in our control of our company and might adversely affect the market price of our common stock and the voting and other rights of the holders of our common stock.

Series A Preferred Stock

The description of certain terms of the 9.75% Series A Cumulative Redeemable Perpetual Preferred Stock in this prospectus does not purport to be complete and is in all respects subject to, and qualified in its entirety by references to the relevant provisions of our amended and restated certificate of incorporation, the certificate of designations establishing the terms of our Series A Preferred Stock, our bylaws and the DGCL. Copies of our certificate of incorporation, certificate of designations, bylaws and all amendments thereto, are available from us upon request.

General

On June 29, 2018, we completed an underwritten public offering of our Series A Preferred Stock at an offering price of \$25.00 per share. We initially sold 600,000 shares of Series A Preferred Stock and, on July 10, 2018, we sold an additional 46,497 shares of Series A Preferred Stock as a result of the partial exercise of the underwriters' over-allotment option. The sale of Series A Preferred Stock generated aggregate net proceeds to us of approximately \$14.8 million.

As of the date of this prospectus, 780,497 shares of our Series A Preferred Stock are outstanding.

Our board of directors may, without the approval of holders of the Series A Preferred Stock or our common stock, designate additional series of authorized preferred stock ranking junior to or on parity with the Series A Preferred Stock or designate additional shares of the Series A Preferred Stock and authorize the issuance of such shares. Designation of preferred stock ranking senior to the Series A Preferred Stock will require approval of the holders of Series A Preferred Stock, as described below in "Voting Rights."

The registrar, transfer agent and dividend and redemption price disbursing agent in respect of the Series A Preferred Stock is Continental Stock Transfer & Trust Company.

Listing

Our Series A Preferred Stock has been approved for listing on the Nasdaq Global Market under the symbol "CSSEP".

No Maturity, Sinking Fund or Mandatory Redemption

The Series A Preferred Stock has no stated maturity and will not be subject to any sinking fund or mandatory redemption. Shares of the Series A Preferred Stock will remain outstanding indefinitely unless we decide to redeem or otherwise repurchase them. We are not required to set aside funds to redeem the Series A Preferred Stock.

Ranking

The Series A Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up:

- senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in the next two bullet points below;
- on a parity with all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up;
- junior to all equity securities issued by us with terms specifically providing for ranking senior to the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up (please see the section entitled “Voting Rights” below); and
- effectively junior to all our existing and future indebtedness (including indebtedness convertible to our common stock or preferred stock) and to any indebtedness and other liabilities of (as well as any preferred equity interests held by others in) our existing subsidiaries.

Dividends

Holders of shares of the Series A Preferred Stock are entitled to receive, when, as and if declared by our board of directors, out of funds of the Company legally available for the payment of dividends, cumulative cash dividends at the rate of 9.75% of the \$25.00 per share liquidation preference per annum (equivalent to \$2.4375 per annum per share). Dividends on the Series A Preferred Stock shall be payable monthly on the 15th day of each month; provided that if any dividend payment date is not a business day, as defined in the certificate of designations, then the dividend that would otherwise have been payable on that dividend payment date may be paid on the next succeeding business day and no interest, additional dividends or other sums will accrue on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. Any dividend payable on the Series A Preferred Stock, including dividends payable for any partial dividend period, will be computed on the basis of a 360-day year consisting of twelve 30-day months; however, the shares of Series A Preferred Stock offered hereby will be credited as having accrued dividends since the first day of the calendar month in which they are issued. Dividends will be payable to holders of record as they appear in our stock records for the Series A Preferred Stock at the close of business on the applicable record date, which shall be the last day of the calendar month, whether or not a business day, immediately preceding the month in which the applicable dividend payment date falls. As a result, holders of shares of Series A Preferred Stock will not be entitled to receive dividends on a dividend payment date if such shares were not issued and outstanding on the applicable dividend record date.

No dividends on shares of Series A Preferred Stock shall be authorized by our board of directors or paid or set apart for payment by us at any time when the terms and provisions of any agreement of ours, including any agreement relating to our indebtedness, prohibit the authorization, payment or setting apart for payment thereof or provide that the authorization, payment or setting apart for payment thereof would constitute a breach of the agreement or a default under the agreement, or if the authorization, payment or setting apart for payment shall be restricted or prohibited by law.

Notwithstanding the foregoing, dividends on the Series A Preferred Stock will accrue whether or not we have earnings, whether or not there are funds legally available for the payment of those dividends and whether or not those dividends are declared by our board of directors. No interest, or sum in lieu of interest, will be payable in respect of any dividend payment or payments on the Series A Preferred Stock that may be in arrears, and holders of the Series A Preferred Stock will not be entitled to any dividends in excess of full cumulative dividends described above. Any dividend payment made on the Series A Preferred Stock shall first be credited against the earliest accumulated but unpaid dividend due with respect to those shares.

Future distributions on our common stock and preferred stock, including the Series A Preferred Stock will be at the discretion of our board of directors and will depend on, among other things, our results of operations, cash flow from operations, financial condition and capital requirements, any debt service requirements and any other factors our board of directors deems relevant. Accordingly, we cannot guarantee that we will be able to make cash distributions on our preferred stock or what the actual distributions will be for any future period.

Unless full cumulative dividends on all shares of Series A Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof has been or contemporaneously is set apart for payment for all past dividend periods, no dividends (other than in shares of common stock or in shares of any series of preferred stock that we may issue ranking junior to the Series A Preferred Stock as to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up) shall be declared or paid or set aside for payment upon shares of our common stock or preferred stock that we may issue ranking junior to, or on a parity with, the Series A Preferred Stock as to the payment of dividends or the distribution of assets upon liquidation, dissolution or winding up. Nor shall any other distribution be declared or made upon shares of our common stock or preferred stock that we may issue ranking junior to, or on a parity with, the Series A Preferred Stock as to the payment of dividends or the distribution of assets upon liquidation, dissolution or winding up. Also, any shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series A Preferred Stock as to the payment of dividends or the distribution of assets upon liquidation, dissolution or winding up shall not be redeemed, purchased or otherwise acquired for any consideration (or any moneys paid to or made available for a sinking fund for the redemption of any such shares) by us (except by conversion into or exchange for our other capital stock that we may issue ranking junior to the Series A Preferred Stock as to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up).

When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the Series A Preferred Stock and the shares of any other series of preferred stock that we may issue ranking on a parity as to the payment of dividends with the Series A Preferred Stock, all dividends declared upon the Series A Preferred Stock and any other series of preferred stock that we may issue ranking on a parity as to the payment of dividends with the Series A Preferred Stock shall be declared pro rata so that the amount of dividends declared per share of Series A Preferred Stock and such other series of preferred stock that we may issue shall in all cases bear to each other the same ratio that accrued dividends per share on the Series A Preferred Stock and such other series of preferred stock that we may issue (which shall not include any accrual in respect of unpaid dividends for prior dividend periods if such preferred stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the Series A Preferred Stock that may be in arrears.

Liquidation Preference

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of shares of Series A Preferred Stock will be entitled to be paid out of the assets we have legally available for distribution to our shareholders, subject to the preferential rights of the holders of any class or series of our capital stock we may issue ranking senior to the Series A Preferred Stock with respect to the distribution of assets upon liquidation, dissolution or winding up, a liquidation preference of \$25.00 per share, plus an amount equal to any accumulated and unpaid dividends to, but not including, the date of payment, before any distribution of assets is made to holders of our common stock or any other class or series of our capital stock we may issue that ranks junior to the Series A Preferred Stock as to liquidation rights.

In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Series A Preferred Stock and the corresponding amounts payable on all shares of other classes or series of our capital stock that we may issue ranking on a parity with the Series A Preferred Stock in the distribution of assets, then the holders of the Series A Preferred Stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

We will use commercially reasonable efforts to provide written notice of any such liquidation, dissolution or winding up no fewer than 10 days prior to the payment date. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series A Preferred Stock will have no right or claim to any of our remaining assets. The consolidation or merger of us with or into any other corporation, trust or entity or of any other entity with or into us, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, shall not be deemed a liquidation, dissolution or winding up of us (although such events may give rise to the special optional redemption to the extent described below).

Redemption

The Series A Preferred Stock is not redeemable by us prior to June 27, 2023, except as described below under “—*Special Optional Redemption*.”

Optional Redemption. On and after June 27, 2023, we may, at our option, upon not less than 30 nor more than 60 days’ written notice, redeem the Series A Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price equal to \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption.

Special Optional Redemption. Upon the occurrence of a Change of Control, we may, at our option, upon not less than 30 nor more than 60 days’ written notice, redeem the Series A Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the redemption date.

A “Change of Control” is deemed to occur when the following have occurred and are continuing:

- the acquisition by any person, including any syndicate or group deemed to be a “person” under Section 13(d)(3) of the Exchange Act (other than Mr. Rouhana, the chairman of our board of directors, our chief executive officer and our principal stockholder, any member of his immediate family, and any “person” or “group” under Section 13(d)(3) of the Exchange Act, that is controlled by Mr. Rouhana or any member of his immediate family, any beneficiary of the estate of Mr. Rouhana, or any trust, partnership, corporate or other entity controlled by any of the foregoing), of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of our stock entitling that person to exercise more than 50% of the total voting power of all our stock entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and
- following the closing of any transaction referred to above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on the NYSE, the NYSE American, or Nasdaq, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE American, or Nasdaq.

Redemption Procedures. In the event we elect to redeem Series A Preferred Stock, the notice of redemption will be mailed to each holder of record of Series A Preferred Stock called for redemption at such holder's address as it appears on our stock transfer records, not less than 30 nor more than 60 days prior to the redemption date, and will state the following:

- the redemption date;
- the number of shares of Series A Preferred Stock to be redeemed;
- the redemption price;
- the place or places where certificates (if any) for the Series A Preferred Stock are to be surrendered for payment of the redemption price;
- that dividends on the shares to be redeemed will cease to accumulate on the redemption date;
- whether such redemption is being made pursuant to the provisions described above under "*—Optional Redemption*" or "*—Special Optional Redemption*"; and
- if applicable, that such redemption is being made in connection with a Change of Control and, in that case, a brief description of the transaction or transactions constituting such Change of Control.

If less than all of the Series A Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Series A Preferred Stock held by such holder to be redeemed. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the redemption of any shares of Series A Preferred Stock except as to the holder to whom notice was defective or not given.

Holders of Series A Preferred Stock to be redeemed shall surrender the Series A Preferred Stock at the place designated in the notice of redemption and shall be entitled to the redemption price and any accumulated and unpaid dividends payable upon the redemption following the surrender. If notice of redemption of any shares of Series A Preferred Stock has been given and if we have irrevocably set aside the funds necessary for redemption in trust for the benefit of the holders of the shares of Series A Preferred Stock so called for redemption, then from and after the redemption date (unless default shall be made by us in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any), dividends will cease to accrue on those shares of Series A Preferred Stock, those shares of Series A Preferred Stock shall no longer be deemed outstanding and all rights of the holders of those shares will terminate, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, payable upon redemption. If any redemption date is not a business day, then the redemption price and accumulated and unpaid dividends, if any, payable upon redemption may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day. If less than all of the outstanding Series A Preferred Stock is to be redeemed, the Series A Preferred Stock to be redeemed shall be selected pro rata (as nearly as may be practicable without creating fractional shares) or by any other equitable method we determine.

In connection with any redemption of Series A Preferred Stock, we shall pay, in cash, any accumulated and unpaid dividends to, but not including, the redemption date, unless a redemption date falls after a dividend record date and prior to the corresponding dividend payment date, in which case each holder of Series A Preferred Stock at the close of business on such dividend record date shall be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares before such dividend payment date. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on shares of the Series A Preferred Stock to be redeemed.

No shares of Series A Preferred Stock shall be redeemed unless full cumulative dividends on all shares of Series A Preferred Stock have been or contemporaneously are declared and paid and all outstanding shares of Series A Preferred Stock are simultaneously redeemed. We shall not otherwise purchase or acquire directly or indirectly any shares of Series A Preferred Stock (except by exchanging it for our capital stock ranking junior to the Series A Preferred Stock as to the payment of dividends and distribution of assets upon liquidation, dissolution or winding up); provided, however, that the foregoing shall not prevent the purchase or acquisition by us of shares of Series A Preferred Stock pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series A Preferred Stock.

Subject to applicable law, we may purchase shares of Series A Preferred Stock in the open market, by tender or by private agreement. Any shares of Series A Preferred Stock that we acquire may be retired and reclassified as authorized but unissued shares of preferred stock, without designation as to class or series, and may thereafter be reissued as any class or series of preferred stock.

Voting Rights

Holders of the Series A Preferred Stock do not have any voting rights, except as set forth below or as otherwise required by law.

On each matter on which holders of Series A Preferred Stock are entitled to vote, each share of Series A Preferred Stock will be entitled to one vote. In instances described below where holders of Series A Preferred Stock vote with holders of any other class or series of our preferred stock as a single class on any matter, the Series A Preferred Stock and the shares of each such other class or series will have one vote for each \$25.00 of liquidation preference (excluding accumulated dividends) represented by their respective shares.

Whenever dividends on any shares of Series A Preferred Stock are in arrears for eighteen or more monthly dividend periods, whether or not consecutive, the number of directors constituting our board of directors will be automatically increased by two (if not already increased by two by reason of the election of directors by the holders of any other class or series of our preferred stock we may issue upon which like voting rights have been conferred and are exercisable and with which the Series A Preferred Stock is entitled to vote as a class with respect to the election of those two directors) and the holders of Series A Preferred Stock (voting separately as a class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of those two directors) will be entitled to vote for the election of those two additional directors (the "preferred stock directors") at a special meeting called by us at the request of the holders of record of at least 25% of the outstanding shares of Series A Preferred Stock or by the holders of any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of those two preferred stock directors (unless the request is received less than 90 days before the date fixed for the next annual or special meeting of shareholders, in which case, such vote will be held at the earlier of the next annual or special meeting of shareholders), and at each subsequent annual meeting until all dividends accumulated on the Series A Preferred Stock for all past dividend periods and the then current dividend period have been fully paid or declared and a sum sufficient for the payment thereof set aside for payment. In that case, the right of holders of the Series A Preferred Stock to elect any directors will cease and, unless there are other classes or series of our preferred stock upon which like voting rights have been conferred and are exercisable, any preferred stock directors elected by holders of the Series A Preferred Stock shall immediately resign and the number of directors constituting the board of directors shall be reduced accordingly. In no event shall the holders of Series A Preferred Stock be entitled under these voting rights to elect a preferred stock director that would cause us to fail to satisfy a requirement relating to director independence of any national securities exchange or quotation system on which any class or series of our capital stock is listed or quoted. For the avoidance of doubt, in no event shall the total number of preferred stock directors elected by holders of the Series A Preferred Stock (voting separately as a class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of such directors) under these voting rights exceed two. Any person nominated to serve as a director of our company under the foregoing terms shall be reasonably acceptable to our company.

If a special meeting is not called by us within 30 days after request from the holders of Series A Preferred Stock as described above, then the holders of record of at least 25% of the outstanding Series A Preferred Stock may designate a holder to call the meeting at our expense.

If, at any time when the voting rights conferred upon the Series A Preferred Stock are exercisable, any vacancy in the office of a preferred stock director shall occur, then such vacancy may be filled only by a written consent of the remaining preferred stock director, or if none remains in office, by vote of the holders of record of the outstanding Series A Preferred Stock and any other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of the preferred stock directors. Any preferred stock director elected or appointed may be removed only by the affirmative vote of holders of the outstanding Series A Preferred Stock and any other classes or series of preferred stock upon which like voting rights have been conferred and are exercisable and which classes or series of preferred stock are entitled to vote as a class with the Series A Preferred Stock in the election of the preferred stock directors, such removal to be effected by the affirmative vote of a majority of the votes entitled to be cast by the holders of the outstanding Series A Preferred Stock and any such other classes or series of preferred stock, and may not be removed by the holders of the common stock.

So long as any shares of Series A Preferred Stock remain outstanding, we will not, without the affirmative vote or consent of the holders of at least 66.67% of the votes entitled to be cast by the holders of the Series A Preferred Stock outstanding at the time, given in person or by proxy, either in writing or at a meeting (voting together as a class with all other series of parity preferred stock that we may issue upon which like voting rights have been conferred and are exercisable), (a) authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking senior to the Series A Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any of our authorized capital stock into such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (b) unless redeeming all Series A Preferred Stock in connection with such action, amend, alter, repeal or replace our amended and restated certificate of incorporation, including by way of a merger, consolidation or otherwise in which we may or may not be the surviving entity, so as to materially and adversely affect and deprive holders of Series A Preferred Stock of any right, preference, privilege or voting power of the Series A Preferred Stock (each, an "Event"). An increase in the amount of the authorized preferred stock, including the Series A Preferred Stock, or the creation or issuance of any additional Series A Preferred Stock or other series of preferred stock that we may issue, or any increase in the amount of authorized shares of such series, in each case ranking on a parity with or junior to the Series A Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, shall not be deemed an Event and will not require us to obtain 66.67% of the votes entitled to be cast by the holders of the Series A Preferred Stock and all such other similarly affected series, outstanding at the time (voting together as a class).

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be affected, all outstanding shares of Series A Preferred Stock shall have been redeemed or called for redemption upon proper notice and sufficient funds shall have been deposited in trust to affect such redemption.

Except as expressly stated in the certificate of designations or as may be required by applicable law, the Series A Preferred Stock do not have any relative, participating, optional or other special voting rights or powers and the consent of the holders thereof shall not be required for the taking of any corporate action.

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series A Preferred Stock are outstanding, we will use our best efforts to (i) make available on our corporate investor webpage, copies of the Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any holders of Series A Preferred Stock. We will use our best effort to provide the information to the holders of the Series A Preferred Stock within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC, if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a “non-accelerated filer” within the meaning of the Exchange Act.

No Conversion Rights

The Series A Preferred Stock is not convertible into our common stock or any other security.

No Preemptive Rights

No holders of the Series A Preferred Stock will, as holders of Series A Preferred Stock, have any preemptive rights to purchase or subscribe for our common stock or any other security.

Book-Entry Procedures

DTC acts as securities depository for our outstanding Series A Preferred Stock. With respect to the Series A Preferred Stock offered hereunder, we will issue one or more fully registered global securities certificates in the name of DTC’s nominee, Cede & Co. These certificates will represent the total aggregate number of shares of Series A Preferred Stock. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for the shares of Series A Preferred Stock that you purchase, unless DTC’s services are discontinued as described below.

Title to book-entry interests in the Series A Preferred Stock will pass by book-entry registration of the transfer within the records of DTC in accordance with its procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC. Each person owning a beneficial interest in shares of the Series A Preferred Stock must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of the Series A Preferred Stock.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants (“Direct Participants”) deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges in deposited securities through electronic computerized book-entry changes in Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, including the underwriters, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase shares of Series A Preferred Stock within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for the Series A Preferred Stock on DTC's records. You will be considered to be the "beneficial owner" of the Series A Preferred Stock. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts shares of Series A Preferred Stock are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased the Series A Preferred Stock should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of the holders, or an owner of a beneficial interest in a global security, such as you, desires to take any action that a holder is entitled to take under our amended and restated certificate of incorporation (including the certificate of designations designating the Series A Preferred Stock), DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Any redemption notices with respect to the Series A Preferred Stock will be sent to Cede & Co. If less than all of the outstanding shares of Series A Preferred Stock are being redeemed, DTC will reduce each Direct Participant's holdings of shares of Series A Preferred Stock in accordance with its procedures.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to the shares of Series A Preferred Stock. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts the shares of Series A Preferred Stock are credited to on the record date, which are identified in a listing attached to the omnibus proxy.

Dividends on the Series A Preferred Stock are made directly to DTC's nominee (or its successor, if applicable). DTC's practice is to credit participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of the participant and not of DTC, us or any agent of ours.

DTC may discontinue providing its services as securities depository with respect to the Series A Preferred Stock at any time by giving reasonable notice to us. Additionally, we may decide to discontinue the book-entry only system of transfers with respect to the Series A Preferred Stock. In that event, we will print and deliver certificates in fully registered form for the Series A Preferred Stock. If DTC notifies us that it is unwilling to continue as securities depository, or it is unable to continue or ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, we will issue the Series A Preferred Stock in definitive form, at our expense, upon registration of transfer of, or in exchange for, such global security.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Global Clearance and Settlement Procedures

Initial settlement for the Series A Preferred Stock will be made in immediately available funds. Secondary market trading among DTC's participants occurs in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

Certain Anti-Takeover Provisions of our Certificate of Incorporation and By-Laws

Special meeting of stockholders

Our bylaws provide that special meetings of our stockholders may be called only by a majority vote of our board of directors, or by our chairman and chief executive officer or by our secretary at the request in writing of stockholders owning a majority of the voting power of our issued and outstanding capital stock.

Advance notice requirements for stockholder proposals and director nominations

Our bylaws provide that stockholders seeking to bring business before our annual meeting of stockholders, or to nominate candidates for election as directors at our annual meeting of stockholders must provide timely notice of their intent in writing. To be timely, a stockholder's notice will need to be delivered to our principal executive offices not later than the close of business on the 60th day nor earlier than the close of business on the 90th day prior to the scheduled date of the annual meeting of stockholders. In the event that less than 70 days' notice or prior public disclosure of the date of the annual meeting of stockholders is given, a stockholder's notice shall be timely if delivered to our principal executive offices not later than the 10th day following the day on which public announcement of the date of our annual meeting of stockholders is first made or sent by us. Our bylaws also specify certain requirements as to the form and content of a stockholders' meeting. These provisions may preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders.

Dual Voting Structure

Our certificate of incorporation provides for two classes of common stock. Holders of shares of Class A common stock and Class B common stock have substantially identical rights, except that holders of shares of Class A common stock are entitled to one vote per share and holders of shares of Class B common stock are entitled to ten votes per share. Holders of shares of Class A common stock and Class B common stock vote together as a single class on all matters (including the election of directors) submitted to a vote of stockholders, unless otherwise required by law. Accordingly, the holders of shares of Class B common stock will exert significant control over our actions.

Removal and Appointment of Directors

Our entire board of directors or any individual director may be removed from office with or without cause by a majority vote of the holders of the voting power of outstanding voting power of the shares then entitled to vote at an election of directors. In such case, new directors may be elected by the stockholders then holding a majority of our voting power. Immediately following this offering, our chairman and chief executive officer shall control the substantial majority of our voting power and therefore will be able to unilaterally exercise the foregoing rights.

Class B Approval Required for Charter Amendments

Any amendment to our certificate of incorporation requires the approval of the majority of the outstanding Class B common stock. This approval requirement is separate and in addition to any general stockholder approval that would be required under our certificate of incorporation and law.

Exclusive Forum Selection

Our certificate of incorporation requires, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Although we believe this provision benefits our company by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our and officers.

Repurchases

On March 27, 2018, the board of directors approved a stock repurchase program that enabled us to repurchase up to \$5 million of our Class A common stock through various means, including open market transactions in compliance with Rule 10b-18 under the Exchange Act, privately negotiated transactions, tender offers or any combination thereof. Repurchases under the program are funded from existing cash and cash equivalents, future cash flow, and equity or debt financings. As of September 27, 2018, the Company repurchased 74,235 shares of Class A common stock at a cost of approximately \$633,000.

Lock-Up Agreements

Each of our parent stockholder and its affiliates, directors and executive officers and a former executive officer (collectively, the "Insiders") entered into an agreement with us in connection with our IPO pursuant to which he, she or it has agreed to not sell, transfer or otherwise dispose of any Company securities prior to February 18, 2019. After such time, the lock-up will automatically end with respect to 1/24 of each class of the Company securities owned by such holder on each monthly anniversary date of the expiration of the lock-up period.

We may elect to release any holder from its lock-up at any time or from time to time for any reason or no reason with respect to any or all of the Company securities or any portion thereof. No such release shall be deemed to obligate us to grant any future releases to such holder or any other holder.

Dividends

Common Stock

On August 10, 2018, we paid a one-time special dividend of \$0.45 per share on our outstanding common stock, totaling approximately \$5.2 million, of which approximately \$3.4 million was paid to CSS as a holder of Class B common stock.

The payment of future cash dividends to our holders of common stock will be dependent upon our revenues and earnings, if any, capital requirements, and our general financial condition and will be within the discretion of our board of directors.

Series A Preferred Stock

We are generally required to pay monthly cash dividends on our Series A preferred stock as described above under "—Series A Preferred Stock – Dividends." We paid regular monthly dividends of \$.2031 per share of Series A Preferred Stock for each of the months of June, July, August, and September, 2018.

Limitation on Directors' Liability and Indemnification

Our certificate of incorporation provides that no director of ours will be personally liable to us or any of our stockholders for monetary damages arising from the director's breach of fiduciary duty as a director. However, this does not apply with respect to any action in which the director would be liable under Section 174 of the DGCL nor does it apply with respect to any liability in which the director (i) breached his duty of loyalty to us or our stockholders; (ii) did not act in good faith or, in failing to act, did not act in good faith; (iii) acted in a manner involving intentional misconduct or a knowing violation of law or, in failing to act, shall have acted in a manner involving intentional misconduct or a knowing violation of law; or (iv) derived an improper personal benefit. This provision could have the effect of reducing the likelihood of derivative litigation against our directors and may discourage or deter our stockholders or management from bringing a lawsuit against our directors for breach of their duty of care, even though such an action, if successful, might otherwise have benefited us and our stockholders.

Our certificate of incorporation and bylaws provide that all directors and officers shall be entitled to be indemnified by such company to the fullest extent permitted by law. The certificate of incorporation provides that we may indemnify to the fullest extent permitted by law all employees. Our bylaws provide that, if authorized by our board of directors, we may indemnify any other person whom it has the power to indemnify under section 145 of the DGCL. We have entered, and intend to continue to enter, into separate indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our certificate of incorporation and bylaws. We also maintain directors' and officers' liability insurance.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or person controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

Anti-Takeover Provisions

Provisions of the DGCL and our certificate of incorporation and bylaws could make it more difficult to acquire us by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, are expected to discourage certain types of coercive takeover practices and takeover bids that our board of directors may consider inadequate and to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in improved terms for our stockholders.

Delaware Anti-Takeover Statute.

We are subject to Section 203 of the DGCL, an anti-takeover statute. In general, Section 203 of the DGCL prohibits a publicly-held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years following the time the person became an interested stockholder, unless the business combination or the acquisition of shares that resulted in a stockholder becoming an interested stockholder is approved in a prescribed manner. Generally, a "business combination" includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. Generally, an "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years prior to the determination of interested stockholder status did own) 15% or more of a corporation's voting stock. The existence of this provision would be expected to have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

Amendments to Our Certificate of Incorporation.

Under the DGCL, the affirmative vote of a majority of the outstanding shares entitled to vote thereon and a majority of the outstanding stock of each class entitled to vote thereon is required to amend a corporation's certificate of incorporation. Under the DGCL, the holders of the outstanding shares of a class of our capital stock shall be entitled to vote as a class upon a proposed amendment, whether or not entitled to vote thereon by the certificate of incorporation, if the amendment would:

- increase or decrease the aggregate number of authorized shares of such class;
- increase or decrease the par value of the shares of such class; or
- alter or change the powers, preferences or special rights of the shares of such class so as to affect them adversely.

If any proposed amendment would alter or change the powers, preferences or special rights of one or more series of any class of our capital stock so as to affect them adversely, but shall not so affect the entire class, then only the shares of the series so affected by the amendment shall be considered a separate class for the purposes of this provision.

Vacancies in the Board of Directors.

Our certificate of incorporation and bylaws provide that, subject to limitations, any vacancy occurring in our board of directors for any reason may be filled by a majority of the remaining members of our board of directors then in office, even if such majority is less than a quorum. Each director elected to fill a vacancy resulting from the death, resignation or removal of a director shall hold office until the expiration of the term of the director whose death, resignation or removal created the vacancy.

Special Meetings of Stockholders.

Under our bylaws, special meetings of stockholders may be called by the directors, or the president or the chairman, and shall be called by the secretary at the request in writing of stockholders owning a majority in amount of the entire capital stock of the corporation issued and outstanding and entitled to vote.

No Cumulative Voting.

The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our certificate of incorporation provides otherwise. Our certificate of incorporation does not provide for cumulative voting.

Listing

Our Class A common stock is listed for trading on the Nasdaq Global Market under the symbol "CSSE" and our Series A Preferred Stock is listed for trading on the Nasdaq Global Market under the symbol "CSSEP." On September 27, 2018, the last reported sale prices of our Class A common stock and Series A Preferred Stock were \$10.74 and \$26.40, respectively. As of the date of this prospectus, none of the other securities that we may offer by this prospectus are listed on any national securities exchange or automated quotation system.

Transfer Agent and Registrar and Warrant Agent

The transfer agent and registrar for our Class A common stock and Series A preferred stock is Continental Stock Transfer & Trust Company. The transfer agent and registrar for any other series of preferred stock will be set forth in the applicable prospectus supplement. The warrant agent for any class of warrants, if any, will be set forth in the applicable prospectus supplement.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of common stock, preferred stock, debt securities or any other security offered hereby. Warrants may be issued independently or together with other securities and may be attached to or separate from any offered securities. We may issue the warrants directly or under warrant agreements to be entered into between a warrant agent and us. Any warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The following outlines some of the general terms and provisions of the warrants that we may issue. A prospectus supplement will describe the particular terms of any warrants offered from time to time, and may supplement or change the terms outlined below. We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, a form of the warrant or form of the warrant agreement and warrant certificate that sets forth the terms of the particular warrants we are offering. The summary of such terms contained in this prospectus and in the applicable prospectus supplement is qualified in its entirety by reference to such warrant or warrant agreement and warrant certificate. We urge you to read the warrant or warrant agreement and warrant certificate and the additional description of the terms of the warrants included in the prospectus supplement.

General

The prospectus supplement relating to a particular issue of warrants will describe the terms of the warrants, including the following:

- the title of the warrants;
- the offering price for the warrants, if any;
- the aggregate number of the warrants;
- the designation and terms of the common stock, preferred stock or other class of security that may be purchased upon exercise of the warrants;
- if applicable, the designation and terms of the securities that the warrants are issued with and the number of warrants issued with each security;
- if applicable, the date from and after which the warrants and any securities issued with the warrants will be separately transferable;
- the number of shares and price of common stock or preferred stock, or the designation and number or amount of other debt securities, that may be purchased upon exercise of a warrant;
- the dates on which the right to exercise the warrants commence and expire;
- if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;
- if applicable, a discussion of material U.S. federal income tax considerations;
- anti-dilution provisions of the warrants, if any;
- redemption or call provisions, if any, applicable to the warrants; and
- any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Exercise of Warrants

Each warrant will entitle the holder of the warrant to purchase at the exercise price set forth in the applicable prospectus supplement the principal amount of debt securities or shares of common stock or preferred stock being offered. Holders may exercise warrants at any time up to the close of business on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date, unexercised warrants will be void. Holders may exercise warrants as set forth in the prospectus supplement relating to the warrants being offered.

Until a holder exercises the warrants to purchase any securities underlying the warrants, the holder will not have any rights as a holder of the underlying securities by virtue of ownership of warrants.

DESCRIPTION OF DEBT SECURITIES

We may offer any combination of senior debt securities or subordinated debt securities. We may issue the senior debt securities and the subordinated debt securities under separate indentures between us, as issuer, and the trustee or trustees identified in a prospectus supplement. Further information regarding the trustee may be provided in the prospectus supplement. The form for each type of indenture is filed as an exhibit to the registration statement of which this prospectus is a part.

The following outlines some of the general terms and provisions of the debt securities that we may issue. A prospectus supplement will describe the particular terms of any debt securities offered from time to time, and may supplement or change the terms outlined below. We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, a form of the indenture supplement that sets forth the terms of the particular debt securities we are offering. The summary of such debt securities contained in this prospectus and in the applicable prospectus supplement is qualified in its entirety by reference to the indentures and the applicable indenture supplement. We urge you to read the indentures, the applicable indenture supplement and the additional description of the debt securities in the prospectus supplement.

General

Within the total dollar amount of this shelf registration statement, we may issue an unlimited principal amount of debt securities in separate series. We may specify a maximum aggregate principal amount for the debt securities of any series. The debt securities will have terms that are consistent with the indentures. Senior debt securities will be unsubordinated obligations and will rank equal with all our other unsubordinated debt. Subordinated debt securities will be paid only if all payments due under our senior indebtedness, including any outstanding senior debt securities, have been made.

The indentures might not limit the amount of other debt that we may incur or whether that debt is senior to the debt securities offered by this prospectus, and might not contain financial or similar restrictive covenants. The indentures might not contain any provision to protect holders of debt securities against a sudden or dramatic decline in our ability to pay our debt.

The prospectus supplement will describe the debt securities and the price or prices at which we will offer the debt securities. The description will include:

- the title and form of the debt securities;
- any limit on the aggregate principal amount of the debt securities or the series of which they are a part;
- the date or dates on which we must repay the principal, the maturity date and the principal amount due at maturity and whether the securities will be offered at a price such that they will be deemed an "original issue discount";
- the person to whom any interest on a debt security of the series will be paid;

- the rate or rates at which the debt securities will bear interest;
- if any, the date or dates from which interest will accrue, and the dates on which we must pay interest;
- the place or places where we must pay the principal and any premium or interest on the debt securities;
- the terms and conditions on which we may redeem any debt security, if at all;
- any obligation to redeem or purchase any debt securities, and the terms and conditions on which we must do so;
- the denominations in which we may issue the debt securities;
- the currency in which we will pay the principal of and any premium or interest on the debt securities and whether we may pay in property other than cash, including our securities;
- the principal amount of the debt securities that we will pay upon declaration of acceleration of their maturity;
- whether and under what circumstances, if any, we will pay additional amounts on any debt securities held by a person who is not a United States person for tax purposes, and whether we can redeem the debt securities if we have to pay such additional amounts;
- if applicable, that the debt securities are defeasible and the terms of such defeasance;
- if applicable, the terms of any right to convert debt securities into, or exchange debt securities for, debt securities, preferred stock and common stock or other securities or property;
- whether we will issue the debt securities in the form of one or more global securities and, if so, the respective depositaries for the global securities and the terms of the global securities;
- the subordination provisions that will apply to any subordinated debt securities;
- any addition to or change in the events of default applicable to the debt securities and any change in the right of the trustee or the holders to declare the principal amount of any of the debt securities due and payable;
- any addition to or change in the covenants in the indentures; and
- any other terms of the debt securities not inconsistent with the applicable indentures.

We may sell the debt securities at a substantial discount below their stated principal amount. We will describe U.S. federal income tax considerations, if any, applicable to debt securities sold at an original issue discount in the prospectus supplement. An “original issue discount security” is any debt security sold for less than its face value, and which provides that the holder cannot receive the full face value if maturity is accelerated. The prospectus supplement relating to any original issue discount securities will describe the particular provisions relating to acceleration of the maturity upon the occurrence of an event of default. In addition, we will describe U.S. federal income tax or other considerations applicable to any debt securities that are denominated in a currency or unit other than U.S. dollars in the prospectus supplement.

Conversion and Exchange Rights

The prospectus supplement will describe, if applicable, the terms on which you may convert debt securities into or exchange them for debt securities, preferred stock and common stock or other securities or property. The conversion or exchange may be mandatory or may be at our option or at your option. The prospectus supplement will describe how the amount of debt securities, number of shares of preferred stock and common stock or other securities or property to be received upon conversion or exchange would be calculated.

Subordination of Subordinated Debt Securities

The indebtedness underlying any subordinated debt securities will be payable only if all payments due under our senior indebtedness, as defined in the applicable indenture and any indenture supplement, including any outstanding senior debt securities, have been made. If we distribute our assets to creditors upon any dissolution, winding-up, liquidation or reorganization or in bankruptcy, insolvency, receivership or similar proceedings, we must first pay all amounts due or to become due on all senior indebtedness before we pay the principal of, or any premium or interest on, the subordinated debt securities. In the event the subordinated debt securities are accelerated because of an event of default, we may not make any payment on the subordinated debt securities until we have paid all senior indebtedness or the acceleration is rescinded. If the payment of subordinated debt securities accelerates because of an event of default, we must promptly notify holders of senior indebtedness of the acceleration.

If we experience a bankruptcy, dissolution or reorganization, holders of senior indebtedness may receive more, ratably, and holders of subordinated debt securities may receive less, ratably, than our other creditors. The indenture for subordinated debt securities may not limit our ability to incur additional senior indebtedness.

Form, Exchange and Transfer

We will issue debt securities only in fully registered form, without coupons, and only in denominations of \$1,000 and integral multiples thereof, unless the prospectus supplement provides otherwise. The holder of a debt security may elect, subject to the terms of the indentures and the limitations applicable to global securities, to exchange them for other debt securities of the same series of any authorized denomination and of similar terms and aggregate principal amount.

Holders of debt securities may present them for exchange as provided above or for registration of transfer, duly endorsed or with the form of transfer duly executed, at the office of the transfer agent we designate for that purpose. We will not impose a service charge for any registration of transfer or exchange of debt securities, but we may require a payment sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange. We will name the transfer agent in the prospectus supplement. We may designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, but we must maintain a transfer agent in each place where we will make payment on debt securities.

If we redeem the debt securities, we will not be required to issue, register the transfer of or exchange any debt security during a specified period prior to mailing a notice of redemption. We are not required to register the transfer of or exchange of any debt security selected for redemption, except the unredeemed portion of the debt security being redeemed.

Global Securities

The debt securities may be represented, in whole or in part, by one or more global securities that will have an aggregate principal amount equal to that of all debt securities of that series. Each global security will be registered in the name of a depository identified in the prospectus supplement. We will deposit the global security with the depository or a custodian, and the global security will bear a legend regarding the restrictions on exchanges and registration of transfer.

No global security may be exchanged in whole or in part for debt securities registered, and no transfer of a global security in whole or in part may be registered, in the name of any person other than the depository or any nominee or successor of the depository unless:

- the depository is unwilling or unable to continue as depository; or

- the depositary is no longer in good standing under the Securities Exchange Act of 1934, as amended, or “Exchange Act,” or other applicable statute or regulation.

The depositary will determine how all securities issued in exchange for a global security will be registered.

As long as the depositary or its nominee is the registered holder of a global security, we will consider the depositary or the nominee to be the sole owner and holder of the global security and the underlying debt securities. Except as stated above, owners of beneficial interests in a global security will not be entitled to have the global security or any debt security registered in their names, will not receive physical delivery of certificated debt securities and will not be considered to be the owners or holders of the global security or underlying debt securities. We will make all payments of principal, premium and interest on a global security to the depositary or its nominee. The laws of some jurisdictions require that some purchasers of securities take physical delivery of such securities in definitive form. These laws may prevent you from transferring your beneficial interests in a global security.

Only institutions that have accounts with the depositary or its nominee and persons that hold beneficial interests through the depositary or its nominee may own beneficial interests in a global security. The depositary will credit, on its book-entry registration and transfer system, the respective principal amounts of debt securities represented by the global security to the accounts of its participants. Ownership of beneficial interests in a global security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the depositary or any such participant.

The policies and procedures of the depositary may govern payments, transfers, exchanges and other matters relating to beneficial interests in a global security. We and the trustee will assume no responsibility or liability for any aspect of the depositary’s or any participant’s records relating to, or for payments made on account of, beneficial interests in a global security.

Payment and Paying Agents

We will pay principal and any premium or interest on a debt security to the person in whose name the debt security is registered at the close of business on the regular record date for such interest.

We will pay principal and any premium or interest on the debt securities at the office of our designated paying agent. Unless the prospectus supplement indicates otherwise, the corporate trust office of the trustee will be the paying agent for the debt securities.

Any other paying agents we designate for the debt securities of a particular series will be named in the prospectus supplement. We may designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, but we must maintain a paying agent in each place of payment for the debt securities.

The paying agent will return to us all money we pay to it for the payment of the principal, premium or interest on any debt security that remains unclaimed for a specified period. Thereafter, the holder may look only to us for payment, as an unsecured general creditor.

Consolidation, Merger and Sale of Assets

Under the terms of the indentures, so long as any securities remain outstanding, we may not consolidate or enter into a share exchange with or merge into any other person, in a transaction in which we are not the surviving corporation, or sell, convey, transfer or lease our properties and assets substantially as an entirety to any person, unless:

- the successor assumes our obligations under the debt securities and the indentures; and
- we meet the other conditions described in the indentures.

Events of Default

Each of the following will constitute an event of default under each indenture:

- failure to pay any interest on any debt security when due, for more than a specified number of days past the due date;
- failure to pay any principal or deposit any sinking fund payment when due;
- failure to perform any covenant or agreement in the indenture that continues for a specified number of days after written notice has been given by the trustee or the holders of a specified percentage in aggregate principal amount of the debt securities of that series;
- events of bankruptcy, insolvency or reorganization; and
- any other event of default specified in the prospectus supplement.

If an event of default occurs and continues, both the trustee and holders of a specified percentage in aggregate principal amount of the outstanding securities of that series may declare the principal amount of the debt securities of that series to be immediately due and payable. The holders of a majority in aggregate principal amount of the outstanding securities of that series may rescind and annul the acceleration if all events of default, other than the nonpayment of accelerated principal, have been cured or waived.

Except for its duties in case of an event of default, the trustee will not be obligated to exercise any of its rights or powers at the request or direction of any of the holders, unless the holders have offered the trustee reasonable indemnity. If they provide this indemnification and subject to conditions specified in the applicable indenture, the holders of a majority in aggregate principal amount of the outstanding securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of a debt security of any series may institute any proceeding with respect to the indentures, or for the appointment of a receiver or a trustee, or for any other remedy, unless:

- the holder has previously given the trustee written notice of a continuing event of default;
- the holders of a specified percentage in aggregate principal amount of the outstanding securities of that series have made a written request upon the trustee, and have offered reasonable indemnity to the trustee, to institute the proceeding;
- the trustee has failed to institute the proceeding for a specified period of time after its receipt of the notification; and
- the trustee has not received a direction inconsistent with the request within a specified number of days from the holders of a specified percentage in aggregate principal amount of the outstanding securities of that series.

Modification and Waiver

We and the trustee may change an indenture without the consent of any holders with respect to specific matters, including:

- to fix any ambiguity, defect or inconsistency in the indenture; and
- to change anything that does not materially adversely affect the interests of any holder of debt securities of any series.

In addition, under the indentures, the rights of holders of a series of notes may be changed by us and the trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, we and the trustee may only make the following changes with the consent of the holder of any outstanding debt securities affected:

- extending the fixed maturity of the series of notes;
- reducing the principal amount, reducing the rate of or extending the time of payment of interest, or any premium payable upon the redemption, of any debt securities; or
- reducing the percentage of debt securities the holders of which are required to consent to any amendment.

The holders of a majority in principal amount of the outstanding debt securities of any series may waive any past default under the indenture with respect to debt securities of that series, except a default in the payment of principal, premium or interest on any debt security of that series or in respect of a covenant or provision of the indenture that cannot be amended without each holder's consent.

Except in limited circumstances, we may set any day as a record date for the purpose of determining the holders of outstanding debt securities of any series entitled to give or take any direction, notice, consent, waiver or other action under the indentures. In limited circumstances, the trustee may set a record date. To be effective, the action must be taken by holders of the requisite principal amount of such debt securities within a specified period following the record date.

Defeasance

To the extent stated in the prospectus supplement, we may elect to apply the provisions in the indentures relating to defeasance and discharge of indebtedness, or to defeasance of restrictive covenants, to the debt securities of any series. The indentures provide that, upon satisfaction of the requirements described below, we may terminate all of our obligations under the debt securities of any series and the applicable indenture, known as legal defeasance, other than our obligation:

- to maintain a registrar and paying agents and hold monies for payment in trust;
- to register the transfer or exchange of the notes; and
- to replace mutilated, destroyed, lost or stolen notes.

In addition, we may terminate our obligation to comply with any restrictive covenants under the debt securities of any series or the applicable indenture, known as covenant defeasance.

We may exercise our legal defeasance option even if we have previously exercised our covenant defeasance option. If we exercise either defeasance option, payment of the notes may not be accelerated because of the occurrence of events of default.

To exercise either defeasance option as to debt securities of any series, we must irrevocably deposit in trust with the trustee money and/or obligations backed by the full faith and credit of the United States that will provide money in an amount sufficient in the written opinion of a nationally recognized firm of independent public accountants to pay the principal of, premium, if any, and each installment of interest on the debt securities. We may only establish this trust if, among other things:

- no event of default shall have occurred or be continuing;
- in the case of legal defeasance, we have delivered to the trustee an opinion of counsel to the effect that we have received from, or there has been published by, the Internal Revenue Service a ruling or there has been a change in law, which in the opinion of our counsel, provides that holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred;

- in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred; and
- we satisfy other customary conditions precedent described in the applicable indenture.

Notices

We will mail notices to holders of debt securities as indicated in the prospectus supplement.

Title

We may treat the person in whose name a debt security is registered as the absolute owner, whether or not such debt security may be overdue, for the purpose of making payment and for all other purposes.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

DESCRIPTION OF THE UNITS

We may issue units comprised of one or more of the other classes of securities offered hereby in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security.

The units may be, but are not required to be, issued under unit agreements to be entered into between us and a unit agent, as detailed in the prospectus supplement relating to the units being offered. We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, a form of the unit agreement and unit certificate, if any, that sets forth the terms of the particular units we are offering. The summary of such terms contained in this prospectus and in the applicable prospectus supplement is qualified in its entirety by reference to such unit agreement and unit certificate. We urge you to read the unit agreement and unit certificate, if any, and the additional description of the terms of the units included in the prospectus supplement.

The prospectus supplement will describe the units and the price or prices at which we will offer the units. The description will include:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;
- a description of the terms of any unit agreement governing the units;
- a description of the provisions for the payment, settlement, transfer or exchange of the units;
- a discussion of material federal income tax considerations, if applicable; and
- whether the units if issued as a separate security will be issued in fully registered or global form.

The descriptions of the units in this prospectus and in any prospectus supplement are summaries of the material provisions of the applicable agreements.

PLAN OF DISTRIBUTION OF SECURITIES

We may sell or issue the securities offered by this prospectus from time to time in any one or more of the following ways:

- through underwriters or dealers;
- through agents;
- directly to purchasers or a single purchaser; or
- through a combination of any of these methods.

The manner in which we may sell some or all of the securities covered by this prospectus includes, without limitation, through:

- a rights offering;
- exercises of warrants or other rights;
- an “at the market” offering, within the meaning of Rule 415(a)(4) of the Securities Act of 1933, as amended, or the “Securities Act,” to or through a market maker or into an existing trading market on an exchange or otherwise;
- a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;
- purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;
- ordinary brokerage transactions and transactions in which a broker solicits purchasers; and
- privately negotiated transactions.

The distribution of the securities may be effected from time to time in one or more transactions:

- at a fixed price, or prices, which may be changed from time to time;
- at market prices prevailing at the time of sale;
- at varying prices determined at the time of sale; or
- at negotiated prices.

For each offering of securities hereunder, we will describe the method of distribution of such securities, among other things, in a prospectus supplement. A prospectus supplement will set forth the terms of the offering of the securities, including:

- the name or names of any agents or underwriters;
- the purchase price of the securities being offered and the proceeds we will receive from the sale;
- any over-allotment options under which underwriters may purchase additional securities from us;
- any agency fees or underwriting discounts and other items constituting agents’ or underwriters’ compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any securities exchanges or markets on which such securities may be listed.

Sales Through Underwriters or Dealers

If underwriters are used in the sale of the securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The applicable prospectus supplement will indicate whether a sale is made on a firm commitment or best efforts basis or otherwise. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions precedent and the underwriters will be obligated to purchase all of the securities if any are purchased. Any initial public offering price and any discounts or concessions allowed or paid to dealers may be changed from time to time.

If a dealer is used in the sale of the securities, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale. We may negotiate and pay dealers' commissions, discounts or concessions for their services. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of our securities so offered and sold.

Direct Sales and Sales Through Agents

We may sell the securities directly, in which case no underwriters or agents would be involved, or we may sell the securities through agents designated by us from time to time. If agents are used in the sale of the securities, the agent will not purchase any securities for its own account, but will arrange for the sale of the securities. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment. We may negotiate and pay agent's fees or commissions for their services. If the securities are sold directly by us, we may sell the securities to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act, with respect to any sale of those securities.

Delayed Delivery Contracts

We may authorize underwriters, dealers or agents to solicit offers by institutional investors, such as commercial banks and investment companies, to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The conditions to these contracts and the commissions payable for solicitation of the contracts will be set forth in the applicable prospectus supplement.

At-the-Market Offerings

Underwriters, dealers or agents could make sales in an "at-the-market" offering, directly on the Nasdaq Global Market, the existing trading market for our common stock, or such other exchange or automated quotation system on which our securities trade, or to or through a market maker other than on an exchange.

Rights Offerings

We may issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders. If we offer securities in a subscription rights offering to our existing security holders, we may enter into a standby underwriting agreement with dealers, acting as standby underwriters. We may pay the standby underwriters a commitment fee for the securities they commit to purchase on a standby basis. If we do not enter into a standby underwriting arrangement, we may retain a dealer-manager to manage a subscription rights offering for us.

Compensation

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, all discounts, commissions or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will be disclosed in the applicable prospectus supplement.

Indemnification

Any underwriters and agents may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents or underwriters may be required to make in respect of their liabilities.

Stabilization Activities

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include over allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if such offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, these activities may be discontinued at any time.

Passive Market Making

Any underwriters who are qualified market makers may engage in passive market making transactions in the securities in accordance with Rule 103 of Regulation M.

Trading Markets

Unless otherwise specified in the applicable prospectus supplement, securities offered under this prospectus will be a new issue and, other than the common stock and Series A Preferred Stock, which are listed on the Nasdaq Global Market under the symbols "CSSE" and "CSSEP", respectively, will have no established trading market. We may elect to list any other class or series of securities on an exchange, and in the case of the common stock, on any additional exchange, but, unless otherwise specified in the applicable prospectus supplement, we shall not be obligated to do so. Any underwriters to whom securities are sold for public offering and sale may make a market in the securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities may or may not be listed on a national securities exchange or a foreign securities exchange. No assurance can be given as to the liquidity of the trading market for any of the securities.

Other Matters

Any underwriters, dealers and agents, and their associates and affiliates may be customers of, have borrowing relationships with, engage in other transactions with, or perform services, including investment banking services, for us or one or more of our respective affiliates in the ordinary course of business.

We will bear all costs, expenses and fees associated with the registration of the securities offered.

LEGAL MATTERS

The validity of the securities offered will be passed on for us by our counsel, Graubard Miller, New York, New York. Graubard Miller and certain of its partners and family members own shares of the Class A common stock and Class W warrants to purchase shares of Class A common stock of CSSE and certain Class B membership interests in Chicken Soup for the Soul Holdings, LLC, our ultimate parent company.
